## Lincoln County Day on June 16th

Set Apart In Connection With Farmers' Week at Ontario Agricultural College

June 16 has been set apart as Lincoln County day in connection with Farmers' week at the Ontario Agricultural College this year. All farm folks are invited to visit the college and Lincoln day will be the first of the four days allotted for this purpose, the other days being June 17, 18 and 19. Visitors are advised to arrive early in order to have time to see the big institution. The forenoon will be spent looking about the lawns and gardens or going over the exhibits in the buildings of the Science Departments. All visitors are requested to bring basket lunch, and to assemble picnic style under the shade trees by the gymnasium (in the gymnasium in case of rain) at 12 o'clock sharp, standard time. The College will provide hot tea, milk and ice cream. After lunch, the men may go in charge of a guide to spend an hour or two looking over the crop experiment plots and the livestock, after which they will be at liberty to visit other departments as they see fit. A guide will conduct the women to Macdonald Institute where they will be shown through the Home Economics class rooms, laboratories and kitchens. The women will then be at liberty to visit the poultry houses, dairy, apiary and the gardens at their leisure. Besides this, staff officials will be in all buildings from 10 a.m. to 4 p.m. each day, ready to give information on questions of agricultural science and practice. At 4 o'clock, the campus will be available to young and old for baseball games, horseshoe pitching or similar sports as they may see fit to enjoy.

## Pleaded Guilty To Theft of Chickens

Winford and Victor McPherson Remanded For Sentence—Earl Topp To Be Tried on June 16th Prov. Constable Embleton Active In Apprehending Thieves

When Winford McPherson no address, and Victor McPherson, Jordan, appeared in Monday morning's police court, St. Catharines along with Earl Topp, who was on remand since last week, on a charge of theft of poultry, which Topp was trying to sell at Crowland, when apprehended by Chief Jones, the formal charge of the theft March and April of certain chickens from Johnson Lampman of Gainsboro was read to them, to which they elected for summary trial and entered pleas of guilty. On a charge of the theft of thirty Plymouth rocks from C. Lane, they pleaded not guilty, as did Topp. The court then proceeded with the other cases on the docket and two hours later, the McPherson brothers came back again to state that they desired to change their pleas and enter guilty instead of innocent. Topp was formally charged with the theft of 40 rocks from Evered Neville of Gainsboro and the Crown Attorney stated that he wished all three tried together on the 16th but the second appearance of the McPhersons means that by Topp will face the court on this occasion, the other pair being remanded for sentence. In connection with the cleaning up of the poultry cases, Provincial Constable Embleton of Grimsby, Chief Juhke and County Constable George Seymour of Beamsville are credited with the preliminary investigations and location of the culprits, the case then being turned over to the Provincial Police, where Constable Embleton completed the evidence with the co-operation of Crowland and Welland. Much credit is due the officers for their excellent work in bringing these petty marauders to court, as the activities of the poultry thieves has kept the farmers of Lincoln County in a minor state of terror, in which they were forced to mount guard on their poultry losses every night for weeks at a stretch.

## Proclamation

Merchants and Citizens are requested to decorate their residences during the time of the Shriners' Convention, June 7th to June 11th.

A. HEWSON,  
Mayor.

Grimsby June 2nd 1930

## Memorial Service Held On Sunday

In Memory of Lake Lodge School Boys Who Fell in the War and Of Founder of the School, the Late, W. J. Drope, M.A.

On Sunday morning an impressive memorial service was held in St. Andrew's Anglican Church, Grimsby, in memory of the boys of Lake Lodge School who fell overseas in the great war and in memory of the late W. J. Drope, M.A., founder of School. Rev. Harry Daw of Hamilton, an old Lake Lodge School Boy, had charge of the service.

The boys of the school composed the choir which effectively sang Bosker's "Te Deum" and the anthem "Incline Thine Ear."

At the close of the service a wreath was placed on the memorial tablet and the "Last Post" sounded by four buglers of the school after which the national anthem was sung.

The singing of the recessional, "Oh, Valiant Hearts" brought the service to a conclusion.

The cadets of Lake Lodge School in their natty uniforms, paraded to the church, being led by the bugle band.

## Nominations To Be Held July 21st

Sheriff O'Loughlin of Lincoln County Notified—Polling Day Week Later—Lists Being Compiled

Sheriff O'Loughlin of Lincoln county has received a telegram from the Chief Electoral Officer, Ottawa, that the writs for the election had been issued defining Monday, July 21st next as the nomination day and Monday, July 28th next as the polling day.

Also instructions were received that the City of St. Catharines enumerators should in pairs commence to make the enumerations on Monday next, and have their lists ready to be delivered to Sheriff O'Loughlin on Tuesday, July 10th.

Enumerators will go together both signing or initialling all slips. Even if they disagree as to qualification of any voter his name will be included in list, the slip left at his residence being signed or initialed by the enumerator supporting qualification and disagreeing enumerator noting his dissent thereon.

(Continued on page 8)

## Milk Prices Lowered In Grimsby

Commencing on Monday morning lower prices for milk went into effect in Grimsby which is supplied by the Model Dairy.

The price of milk for the summer months is now 7 cents a pint and 12 cents a quart, having been reduced one cent in each case, the prices previously being 8 cents a pint and 13 cents a quart.

The price of Jersey Milk, however, remains the same year round selling at 16 cents a quart.

The price of cream remains the same, namely 18 cents a half pint and 20 cents a quarter pint while whipping cream sells at 50 cents a pint and 25 cents a half pint.

Most of the farmers nowadays prefer to dispose of their milk rather than take the extra time to separate their milk and cream, which accounts for the price of cream remaining the same.

The milk prices here are the same as in Hamilton, where prices were lowered a few days ago.

## Tourist Cremated On Highway

Truck and Auto Took Fire After Collision Near Ancaster on Friday

One Detroit man was cremated in the wreckage of an automobile which burst into flames at 1:30 o'clock Friday morning following a collision with a Hamilton truck on the Brantford highway, six miles west of Ancaster, and his companion is expected to die from the burns and injuries he received in the same mishap.

The dead man was William Sheridan, a former Toronto drug store clerk who had been living during the past year at 40 Tremuridge avenue, Detroit, Mich. The driver of the American auto, Frank Cook, 2551 West

HIS MAJESTY, KING GEORGE V  
Whose Birthday was Celebrated Throughout Empire on Tuesday When Many Tributes were Paid To His Majesty

## To Decorate During Shriners Convention

In accordance with a resolution recently passed by the Grimsby town council business men and citizens are requested to decorate their places of business and homes for the period from June 7th to 11th during which time the Shriners will pass through Grimsby en route to Toronto where the big convention is to be held.

It is anticipated that an unusually large number will come via Niagara Falls and along this highway and special arrangements are being made to take care of the traffic. The plans arranged include the diverting of heavy trucks and as many cars as possible to other roads so as to avoid a traffic congestion.

This district is noted for its attractiveness and hospitality and citizens will doubtless heartily co-operate to make the visitors from across the border feel cordially welcome in Canada.

## Daylight Saving Goes Into Effect Midnight, Saturday

The town of Grimsby will go on Daylight Saving time at midnight on Saturday, June 7th and continue on this time until Monday, September 8, in accordance with resolution recently passed by the council. It will therefore be necessary for citizens to advance their clocks one hour on Saturday evening before retiring.

Hamilton, St. Catharines and other places in this section of the province have adopted daylight saving time and in order to conform the general practice and to avoid inconvenience, this town has also adopted the daylight saving time, it having been in effect here last year as well.

Messrs. H. Nelson and K. McPherson are spending their holidays at Ottawa and Hull.

## Examination: Now In Progress

Pupils of High School Commence Writing on Examinations. Large Entrance Class This Year. Examinations June 25, 26 and 27

Principal J. S. Jackson of the Grimsby High School states that the Lower School examinations took place on June 2nd, 4th and 5th, the pupils trying for their lower school certificates. Students will be notified the beginning of next week as to the results of the examinations. Those who failed will have an opportunity of writing on the same subjects about the end of June.

The promotion examinations will begin on June 9th and continue for a week. The junior and senior matriculation examinations will begin on June 16th and continue for about two weeks.

The high school entrance examinations will take place on June 25th, 26th and 27th.

Principal J. H. Forman of the Public School informed the Independent that the largest class in some years will write on the entrance examinations.

## County School Fair In September

County Agricultural Representative E. F. Neff states that the county championship school fair will be held in conjunction with the regular fair of the Clinton Agricultural Society again this September. The location is the most central, and has all the facilities necessary.

## NOTICE

The attention of the Citizens of Grimsby and the surrounding district is called to the adoption of Daylight Saving Time in Grimsby, from Midnight on Saturday June 7th, 1930 to Midnight on Monday, September 8th, 1930. By order of the Council.

G. G. BOURNE,  
Clerk

Grimsby, May 31st, 1930.

## Elections Throughout Dominion To Be Held Monday, July 28

The Parliament which was dissolved Friday night is the sixteenth Parliament in Canada since Confederation. It was elected on Sept. 14, 1926.

The standing at dissolution was:  
Liberals ..... 120  
Conservatives ..... 89  
United Farmers of Alberta ..... 11  
Progressives ..... 12  
Liberal-Progressives ..... 8

Election for the new Parliament will be on Monday July 28.

**AMICABLE ENDING**  
The last scene in the Congress was one of apparent concord and amity between Parliamentarians who within a fortnight will be strenuously assailing each other on political stumps all across Canada.

The very last words of the Prime Minister and the official Opposition Leaders spoken in the House, indeed, were words of concord, Hon. Richard B. Bennett, Conservative Leader, arising to congratulate and felicitate Speaker Leveson, and Premier King immediately thereafter arising to conduct "in every word spoken by the Leader of the Opposition." Speaker Leveson, almost in tears, acknowledged the tributes of the two Leaders, referred to his 34 years membership of the Commons, said his heart was "here" and declared that his every act and decision as presiding officer over the Commons was taken without regard to party or partisanship, "although" he added, "I have been, God knows, a partisan Legislator."

The more important legislation passed during the session of parliament just concluded includes:

Tariff changes brought in by the budget.  
Provision for bounty on Canadian coal used as coke for smelting purposes.  
Reduction in the sales tax.  
Reductions in the tax on sales of shares of stock.  
Changes in the income tax.

Return of certain crown lands to British Columbia.  
Refusal of clearances on liquor from Canada destined to the United States.  
Changes in the pensions of war veterans.

Transfer of Ontario divorce applications from parliament to the courts of the province.

## PREMIER MACKENZIE KING Who Will Lead Liberal Party In Coming Election.

Labor ..... 3  
Independents ..... 2

## Cadet Corps Was Highly Commended

Lake Lodge School Corps Inspected by Col. McCrimmon on Tuesday—Complimented on Efficiency Shown

The Lake Lodge School Cadet Corps to the number of about sixty, smartly attired in their natty uniforms, were highly complimented on the efficiency with which they acquitted themselves on the occasion of the annual inspection made on Tuesday by Col. McCrimmon, District Cadet Inspector, M. D. No. 2 who was accompanied by Major Harold Drope and Lieut. E. H. Hull.

Col. McCrimmon in the course of his inspection of the Cadet Corps under their instructor, Lieut. Haworth, R. N. R., commended the boys on the splendid efficiency shown and the advance made since last year which was very evident in the ceremonial and rifle drills and physical training exercises. Col. McCrimmon also inspected the band of the cadets and signal corps whose efficiency was also highly commended.

Among those present was Sam Harris of Toronto, president of the Navy League of Canada, and Rev. and Mrs. Vipond.

Owing to the illness of Major Barrow, principal of the School, he was unable to be on the ground but his large circle of friends will be pleased to learn that his health is gradually improving.

During the afternoon an interesting cricket match was played between the officers of the Royal Hamilton Light Infantry captained by Col. Gibson, and the Lake Lodge School Boys.

An interesting coincidence was the fact that Capt. Wright of the R.H.L.I. of Hamilton had been a member of a picked cricket team from Hamilton which played here with a picked team from Grimsby just twenty-five years ago on Tuesday.

## Sheep Dipping Week In Lincoln County

This is sheep dipping week in Lincoln County and Dr. Lionel Stephenson, Provincial Zoologist, and the agricultural representative, E. F. Neff, will attend dipping operations at five points in the county during the week. On Monday dipping is being done at Shields' brothers farm at Caistorville. Dipping at other points will be as follows: Tuesday, June 3, Ed. Smith's Pelham road; Wednesday, June 4, C. A. Springstead's Abingdon; Thursday, June 5, Herbert Copeland's, Smithville; and Friday, June 6, at Raymond Comfort's, St. Ann's. Dr. Stephenson will conduct demonstrations on the treatment of internal parasites and the control of worms in poultry and hogs. Farmers having difficulty with internal parasites of any kind are invited to attend and take a specimen of the diseased animal or poultry.

## Bodies Taken From Graves

Johnson Family, Hamilton Accident Victims, To Be Buried

The caskets containing the six mutilated bodies of the unfortunate Johnson family, victims of the railway crossing accident at Colours were returned to Truscott Bros. morgue Thursday night, some hours following the burial service at the new Eastlawn cemetery on the Niagara Highway on Thursday afternoon.

When everything was ready for the interment, the distressing discovery was made that the graves were partly filled with water. In one grave, one body was lowered about eight inches and another body was placed on top of the casket. The four remaining caskets were placed on the ground until the many thousands of mourners had left the cemetery, after which they were removed to the undertakers.

The second burial was held Friday afternoon. While digging the graves, after reaching seven feet a spring was struck and water seeped into the graves.

Superintendent Landers explained "We were unfortunate enough to strike a bad spot for the first burial and it is doubtful if another spring would be struck. Last July test holes dug by a reputed firm of land drainers showed no trace of water."

Superintendent Landers will ask the cemetery board to pass a bylaw providing for six-foot graves, one body per grave.

## Play Arousing Much Interest

Three Act College Comedy "Aunt Lucia" To Be Given Next Thursday and Friday

"Aunt Lucia" the community play using 200 local people which is being sponsored here by the Men's Club of the Trinity United Church will be staged on Thursday and Friday nights, June 12 and 13. It was originally announced that this production would be staged at the Trinity Hall but it is such a big community event that it has been decided to hold it in Moore's Theatre.

Rehearsals have been progressing splendidly and the speaking characters for the cast are well chosen according to Miss Wayne Allen of the Universal Producing Company who is here directing and promoting the play in connection with the Men's Club.

The show itself is a three act comedy centering around college characters and mishap provoking situations. Beside the three act play there is a big Babyland Pageant using over 100 local children between the ages of 5 and 10 years. This is the opening number and shows the tiny tots in a Slumberland Scene hearing Bed Time Stories from an entertainer as they act out the stories themselves.

The play proper opens with a group of men on the stage representing glee club of former graduates gathered to celebrate the homecoming at their old fraternity house. This chorus of male voices supported by members of the cast and a group of girls acting as the pep squad sing old time favorites interspersed with lively college tunes. Musical specialties and drills by a number of young girls fill in between act parts of the show.

Perhaps the most unusual and entertaining feature is the "Famous Flopper Chorus" which is made up entirely of prominent business and professional men of Grimsby. These men represent old graduates also back attending the homecoming and are shown in an initiation scene where they dress to represent famous flappers from the time of Cleopatra to Tiller the Toller. The names of these men have not been made public yet but it is quoted on good authority that C. D. Millard, A. Jarvis, F. A. Oakes, E. W. Phelps, Jim Wentworth, J. S. Jackson, T. L. Dymond and about twenty others are going to appear in this scene as dainty little feminine stars.

The plot of the play "Aunt Lucia" centers around the character Jerry, portrayed by Harold Pickett who as a college boy masquerades as an old lady to amuse his college chums, Geo. and Dick, played by David Biggar and Fred Swazie. The boy is caught in the old lady's outfit by Mrs. Calder, (the Dean of Women) and her fiancée, the absent minded professor, Gaddis.

Then the fun begins. The two college coeds Betsy and Molly (Maizie Cullingford and Blanche Metcalfe) thinking the boy in his disguise is Betsy's millionaire aunt from Florida tell him all their love secrets. Mr. MacBrein who is to be the big butter and egg man from Beamsville, and Mr. Millyard who acts the part of the gay old boy both become enamoured with the fake "Aunt Lucia" and believing her to possess untold millions try to win her heart and hand by proposals. Needless to say the poor boy playing the old lady's part is on the verge of going the whole hog.

Continued on page 8

## West Lincoln Branch To Meet June 12th In Hall At Smithville

The regular meeting of the West Lincoln Branch, Canadian Legion which was to have been held on Thursday, June 5th, has been postponed until Thursday, June 12th, at 8:15, Daylight Saving time. It will be held in Shephard's Hall Beamsville. The executive will meet just prior to regular meeting.

Every Canadian who can offer the service of his car for the evening is asked to report to any of the following:

Vineland and Jordan District, Comrade Creelman, Beamsville, Comrade Cullimore or Comrade Filce.  
Grimsby—Comrade J. E. Scott or Comrade L. W. Bromley.

Winona—Comrade Parson.  
Comrades in charge of Transportation in each District are requested to report to the President on Tuesday evening, June 10th. Each district is to arrange their own time to assemble. There will be refreshments and entertainment.

## ANXIOUS OVER OVERSEAS MARKETS

Two keys to enlarged Canadian export in agricultural and meat products are standardized grades and continuity of supply. For nearly twenty years officers of the Government concerned with matters of trade have emphasized these facts as of steadily growing importance as affecting butter, cheese, eggs, poultry, bacon, hams, fruits and fresh meats and vegetables. The situation regarding grains is already effectively covered by the Grain Act.

With respect to other food products, however, reform has been slow and far from uniform. In many of the items mentioned Canada has already yielded her market to the United States, particularly in Britain and entirely because of irregularity of supplies and lack of uniformity of standards. Departmental officials are rather alarmed by the prospect that adoption of close standards of uniformity by United States exporters will further destroy the Canadian overseas market.

A bill now before United States Congress plans the establishment of standards for livestock and livestock products and for inspection and grading services to make it effective.

## TO AID FARMERS

A proposal to create a revolving loan fund of \$5,000,000 to aid farmers through drainage districts scattered among 25 Western and Southern States was discussed at a hearing Committee on Irrigation and Reclamation recently. The bill proposes that the appropriation of \$5,000,000 shall be appropriated at a rate of not exceeding \$19,000,000 annually upon recommendation of the Secretary of the Interior, to aid farmers in wet lands to meet conditions of distress among farmers in those areas.

## BILLION DOLLAR DROP

The statement of Canadian banks for March reflects the continued contraction of business through the Dominion as a result of the stock collapse of October and November and of agricultural conditions.

Expenditures, as represented by payments made through banks fell off in March by almost \$1,000,000,000 compared with the same month in 1929.

There was a decline of 22.3 per cent. in March, 1930 as compared with March, 1929, in the financial transfers in the form of bank debits charged against deposits at the branches of the chartered banks in the clearing house centres of Canada. The amount so charged was \$3,092,000,000. Judging by the transactions on the Montreal stock exchange the number of shares traded in March were slightly less than half of the totals for March, 1929 and in fact all business operations were also at a considerably lower level.

## CABINET CHANGES RUMORED

The customary crop of pre-election rumors of cabinet reconstruction is now being reaped. The speaker of the House, Hon. Rodolphe Lemieux, will, it is said, go to the Senate to be succeeded in the event of a Liberal victory by Fred G. Sanderson of South Perth.

Hon. Dr. Motherwell is slated for the Lieutenant-Governorship of Saskatchewan while Hon. Charles Stewart of the department is to be magisterial, will probably find a seat in the Senate. Mr. Stewart is being urged to take over the Department of Agriculture but if he has his way will not do so. The Department of Marine and Fisheries is to be more definitely split with a new minister in charge of fisheries. In this connection Dr. Cyrus McMillan of McGill University is prominently mentioned.

Transfer of their natural resources to the Western Provinces takes everything but the Northwest territories away from the administrative work of the Department of the Interior and this will be transferred, probably to the Secretary of State. The handing over of immigration to the provinces automatically wipes out the Immigration Department.

Hon. Dr. King is expected to leave the cabinet for the Senate.

## EARLY SEEDING

Wheat seeding and spring work in Ontario, Quebec and the Maritime Provinces is, on the whole, very satisfactory and is at least 15 days in advance of 1929, the Seed Branch of the Department of Agriculture, at Ottawa, announced.

At the end of last week 40 per cent. of the grain in Ontario was in, and in southwestern Ontario 75 per cent. was seeded. The farmers are out with their tractors in Ontario, Quebec and the Maritime Provinces and conditions are good.

Satisfactory progress is reported in the western provinces also. The moisture condition is fair in Manitoba, but in Saskatchewan it is the most critical of the Prairie Provinces, while in Alberta most districts report sufficient moisture for the present.

## THE HOOVER EMPLOYMENT PLAN

The plan adopted by President Hoover in 1929-30 to meet the unemployment crisis, under which Federal, State and Municipal Governments and business were united to fight business depression will become permanent.

While serious unemployment existed it is recognized that Mr. Hoover's action for a stalled calamitous situation by releasing some \$8,000,000,000 for development works that would otherwise at least have been delayed.

Bills passed by the Senate give official sanction to his course for future emergencies and provide for such a flow of information through his hands that he will be forewarned of impending depression in employment.

## A GREAT TRANSITION

In a bulletin issued by the deputy postmaster general an interesting history is disclosed. On the inauguration of the Prairie Air Mail Service reference was made to the fact that fifty years ago mail between Winnipeg and Edmonton was carried by horse and dog teams, about 21 days being required for the journey each day. The present postmaster at Paken, Alberta, Mr. John A. Mitchell, in 1880 was a clerk in the service of the Hudson's Bay Company at Fort Edmonton, N.W.T., (Edmonton, Alberta) and had charge of the Post Office there, receiving and handling all the mails, incoming and outgoing, through the horse and dogteam service mentioned.

This illustrates the striking change in mail transportation brought about as a result of the new air mail service.

## DAYLIGHT SAVING

Twenty-eight Canadian cities, sixteen states in the United States and five European countries are observing daylight saving time in some form this year.

The European countries observing the new schedule will be Great Britain, the Irish Free State, France, Belgium and Portugal.

Daylight saving time merely moves the clock ahead one hour in the various time zones. Some countries are observed in railroad schedules and time program listings.

## INDUSTRIAL SITUATION

Clothing factories have a fairly active schedule but Canada's industrial situation still is on an uneven basis according to the review issued recently by the Department of Commerce. It reads: "Signs which point to an improvement in trade include early opening of navigation, which is usually a stimulant to eastern activity, and good rains in the western provinces, which have improved the seeding outlook for farmers in sections badly in need of soil moisture. Better collections are noted in the majority of key sections of the Dominion and good movement of footwear; volume in which has been very satisfactory in all reporting centers with the exception of Vancouver.

"The industrial situation, while still definitely uneven, is featured by a fairly active schedule in factories making clothing, overalls and busmen's supplies."

"March newspaper output was 5 per cent. under last year's and production during the first quarter of the year was about two per cent. under the figure for that portion of 1929. Plans just announced call for the reorganization of the British Steel Corporation, the Dominion Steel Corporation and the Dominion Iron and Steel Company heretofore associated in Nova Scotia steel and coal field, into one unit."

"February output of copper from Canadian mines increased thirty one per cent. over last year to 24,229,000 pounds. Lead output, 31,860,000 rose 54 per cent. in the same comparison, zinc, 20,686,000 pounds, 28 per cent. Maruh building permits, aggregating \$13,353,000, representing a 45 per cent. decline from permits issued in that month of 1929, although most provinces reported seasonal increases over February and British Columbia a large gain over last year."

"The Dominion Bureau of Statistics puts the investment of foreign capital in Canada on January last at \$5,904,000,000 about one fifth of the national wealth."

For the third time this year, Germany's tariff and agricultural relief laws, has increased the import duty on wheat. The German import duty on wheat has been increased from 77.79 cents to 87.26 cents per bushel, under the terms of the decree issued by the German Government which became effective April 25, 1930. This marks the third increase in the wheat duty so far this year under the New German tariff and agricultural relief laws.

News and Information  
For the Busy Farmer

(Furnished by the Ontario Department of Agriculture)  
 (Editor's Note:—Believing that it will be of great interest and value to our readers in the rural districts, The Independent will from time to time publish a column of farm news and advice in the form of the paragraphs below. The material comes from the Department of Agriculture and the Ontario Agricultural College will be presented in brief, readable fashion.)

## Agriculture Leads

According to an eminent authority the annual value of Canada's agricultural and live stock products on the average the past two or three years is around the two billion dollar mark. The mineral production is given as being 280 millions for that period; the lumber and pulp production 450 millions, and the fisheries 64 millions.

## Controlling Black-Rot

Root-rot or black-root is a fairly common disease of strawberry plants. Apparently plants of any age may be attacked but they are most susceptible at two periods, shortly after being set out and at fruiting time. In some patches little or no evidence of the disease can be found, while in others 50 per cent. or even 70 per cent. of the plants are destroyed.

The principal control measures which are have been found useful:

1. Practice a fairly long crop rotation. Strawberries should not follow a similar crop in less than five years if possible.

2. Avoid introducing the disease. When setting out a patch secure plants from a field which was free from root-rot the previous year. Then discard from these any plants which have blackened roots.

3. Protect the plants during winter by means of a suitable mulch. As soon as the ground becomes frozen hard, cover the rows with two or three inches of clean straw.

## Corn Helps

Quality corn either for silage or for husking is the result of suitable seed and suitable preparation of the soil. Ontario growers of corn for husking purposes are warned that planting this crop later than the end of the first week in June may prevent its ripening. Tests have been conducted at the O. A. C. relative to different dates of planting coupled with fertilization with high phosphate fertilizers. Records obtained show that the best time for planting could be largely overcome by the use of suitable fertilizers.

Fertilizers of an analysis of 2-12-6 or 3-10-5 used at the rate of 500 pounds per acre at the time of planting have been found to hasten the ripening of the crop at least a week.

It is a well-known fact that corn well advanced toward ripening makes a richer quantity of ensilage than does green corn with quite immature ears. Growers of this crop of a silage purpose can increase the total weight per acre and also greatly improve the feeding quality of corn by proper regulation of manuring and fertilizing.

## Weekly Crop Bulletin

Most of the counties in the province report a rapid recovery from the inroads of winter on the fall wheat and alfalfa crops. Bruce county is assured of a good crop of hay while in Dundas both the above crops are making fine growth. The same applies to Frontenac but rains have delayed grain seeding. Greenfield's report almost depicts that of the latter. Potato planting is in full swing in Hastings while in Huron an increase in bean acreage is expected. Seeding is practically completed in Kenora while in Kent all crops are from a week to ten days earlier than in 1929. In Lambton, the report says, "Prospects for a bumper crop were never better." An exceptionally large crop is expected in Lanark while in Lincoln fruit prospects are excellent. A rapid growth of fall wheat has been noticed in both Middlesex and Norfolk while in Northumberland, orchards are ten days ahead of last week. Early barley is being sown in Perth in an attempt to get some thrifty. The report, on the whole, is the most optimistic issued this year.

## Farmers' Week at O.A.C.

Monday, June 16th—County of Lambton, Westwinds, Lincoln, Welland, Norfolk, Kent, Essex, Elgin and Haldimand.  
 Tuesday, June 17th—Alton, Waterloo, Dufferin, Perth, Huron, Grey and Bruce.  
 Wednesday, June 18th—Peel, Simcoe, York Ontario, Durham, Northumberland, Hastings and Eastern Counties.  
 Thursday, June 19th—Brant, Oxford, Wellington, Middlesex, Muskoka, Victoria and Peterboro.

## Graded Poultry

One outstanding result of the first year's operation of new standards in the grading and marketing of dressed poultry is the popularity which the Government certificate of inspection has won with the trade. Dealers now

prefer to buy by certificate, in a number of cases carlots arriving on the market without government inspection have been "passed up" in favor of shipments which have this feature. So thoroughly has the new system of grading dressed poultry been carried out that the confidence of the trade has been secured. The dealer knows that when he is buying a box of government inspected birds he is getting exactly the quality stencilled on the box.

## Improving Turnips

Late sown Swede Turnips of good variety, when properly fertilized produce high yields of high-grade stock. Authorities at O. A. C. recommend Newway's Perfect Model and Canadian Gem, sown between June 15th and 25th. Well-drained and well-prepared soil is essential for a successful crop. Turnips benefit of heavy feeding. As a rule the turnip field is heavily manured, which insures good top growth. This should be supplemented by high phosphate and medium potash fertilizers. O. A. C. tests have shown that average gains of 230 bushels per acre were obtained from the addition of 200 pounds of 2-12-8 or 3-10-5 fertilizers.

The fertizer is best applied by either the drilling in broadcast or by scattering it broadcast over the turnip field before the land is ridged. Both stock feeders and turnip shippers prefer juicy tender turnips to the woody, fibrous kind which usually result from early sowing. By close attention to the above points, high quality product results may be assured.

## Raising Better Potatoes

Certified Dooley Potatoes secured from the Alliston and Acton Districts were distributed on May 19th from Mount Brydges to the one hundred and thirty (130) members of the Middlesex Farm Boys' Potato Club which was organized this Spring by the London Chamber of Commerce and Middlesex Department of Agriculture.

Each member received one bag of potatoes. The plots will be judged during the summer and also inspected for certification, so it is expected that the majority of the members will have certified seed for field planting next year. The boys were also each supplied with a sixty (60) pound bag of special 4-8-10 potato fertilizer. Potatoes will be weighed from fertilized and unfertilized portions of the plots.

Each potato club boy will be sponsored by an interested Chamber of Commerce member.

## Clover Crop Valuable

Clovers are among the most valuable crops grown on the farms of the province. Not only do they furnish a large percentage of the nitrogen supply in stock feeds but also a large part of the nitrogen supply in soil fertilization. These crops improve the mechanical condition of the soil and play a large part in making the soil fertile available for the use of other plants. In an experiment conducted for a period of seven years at the O. A. C. it was found that Mammoth Red Clover yielded 294 tons, Alsike Clover 282 tons and common Red Clover 279 tons hay per acre. Each case only one crop of hay was taken last season from Mammoth Red and Alsike Clovers while in most years during the experiment cuttings were obtained from Common Red. Experiments are now in progress and it is hoped to produce a strain of Red Clover which will reach hay condition at almost the same time as timothy.

Keep awake with  
**WRIGLEYS**  
 Drowsiness is dangerous.  
 Weary miles seem shorter  
 and the day is brightened when  
 you have Wrigley's with you.  
 Its sugar pops you up. Its  
 delicious flavor adds to any  
 enjoyment.

## WINDSOR PAPER MULCH

## GARDENERS FARMERS!

**Boost Your Income**  
**Save Increased Labour**  
**This Easy Simple Way**

Scientific paper mulch farming has brought such amazing and extremely profitable advantages to growers throughout the world that it is well destined to revolutionize agriculture. Strips of inexpensive paper mulch, laid and anchored between the crop rows, enables the crop to yield from 1/2 to 5 times more abundantly and to mature from 10 days to 3 weeks earlier. Paper mulch directs the rainfall and the sun's heat into the ground and holds it captive at all times, thus providing a plentiful supply of warmth and moisture around the plant roots, even during the coldest, driest growing weather. Thus protected from cold and drought the plants grow stronger, healthier and yield bigger, much better quality fruits, vegetables, corn, etc. Weeding is also eliminated because paper mulch smothers the weeds. And hoeing and mid-season cultivation is rendered unnecessary. Send coupon now for full particulars, or get them from—

The picture above illustrates the difference in the growth of two plants of the same age, growing in the same soil—the one in the field, the other protected with Mulch Paper, at the same time.

An easy method of laying mulch paper, before or after planting.

**What IS Windsor Paper Mulch?**  
 Windsor paper mulch is a durable, strong, tough paper able to resist hard wear and severe abuse in the field. It is specially impregnated with asphalt to make it waterproof. It is black to enable it to transmit the sun's heat through to the ground.

## NOTES OF NEWS FROM NEARBY CENTRES

### IS CHARGED WITH BEATING HIS WIFE

John Kodlak, Montrose, near Niagara Falls, is charged with assaulting his wife, and the police have two exhibits at Police Headquarters, while the man himself is in the cells. The exhibits are a limb of a tree six feet long, and four inches diameter, with which he is alleged to have beaten his wife on the head, and an envelope which holds two torn out of the woman's head. Mrs. Kodlak is in hospital with a possible fractured skull.

### COLORED HERO MODEST

Fitting reward for a brave rescue from drowning in the Chippawa river is being sought for Earle Wilcox, 13-year-old colored lad from the up-river village near Niagara Falls. On Friday he rescued from forty feet of water David, the 6-year-old son of Fred and Mrs. Marsh. David was playing along the bank, and fell in, and his screams attracted the attention of Earle, who was riding a bicycle. Not stopping to remove clothes or shoes, he dived in, and after considerable struggle, being a poor swimmer, brought the lad to shore. So modest was the young hero that no one learned of the deed at the school, and only a few, save Mr. and Mrs. Marsh, knew of the rescue.

### NEW CHARGE LAID

John R. Robinson, former President of the defunct motor sales company bearing his name, on Friday was committed for trial at the Assizes at Niagara Falls on charges of fraud. In police court Saturday he faced a new charge, that of converting to his own use moneys paid to him to be remitted to a finance company in payment for a car owned by Harold Pickard, Bertie Township. He was remanded until June 3.

### PREPARING FOR ELECTION

Political parties in Hamilton and Wentworth are preparing for the coming electoral battle. The executive of the Hamilton Conservative Association met on Saturday, and decided to call the two city conventions within the next three weeks. Colonel George S. Rennie and C.W. Bell, K.C., are expected to be the candidates again in the East and West Ridings, respectively.

County Liberals have called their convention for June 9 in the L.O.O.F. Hall. F. C. Biggs, former Minister of Highways in the Drury Government, will probably be the candidate.

### DREDGE HENLEY COURSE AT PORT DALHOUSIE

An appropriation of \$12,000 in the supplementary estimates for improvements to the Welland canal was passed by the house of commons to dredge the Henley regatta course at Port Dalhousie.

### MRS. MARY GRIERSON IS AWARDED \$15,000

Mrs. Mary Grierson was given judgment for \$15,000 damages in the civil assizes before Justice Wright for the death of her husband through a motor accident on Cannon street, Hamilton, July 30, 1929.

Mrs. Grierson sued on behalf of herself and her two children. The case was unique in that there was no defence, liability having been admitted.

### FEELS EFFECT OF BARREL BUFFETING

William "Red" Hill on Friday safely navigated the Niagara river from just below the falls to the Queenston docks, is resting. He is beginning to feel the effects of the buffeting he received in his steel barrel during nearly five hours in the rapids. He has received some good offers to appear at various places and also to broadcast, which are being considered.

### SUMMER MILK PRICES EFFECTIVE IN HAMILTON

Summer milk prices in Hamilton went into effect. The prices of milk will be 12 cents per quart and 7 cents per pint.

During the winter milk prices have been 13 cents per quart and 8 cents per pint. Milk distributors state that there was no change in milk prices last summer, but the winter prices a year ago were 13 1/2 cents per quart.

During the summer months whipping cream will be 25 cents instead of 28 cents, and table cream will be 18 cents per one-half pint instead of 20 cents.

Reductions in milk and cream prices, say local distributors, follow the general reduction in commodities and the depressed state of the dairy market.

### DAYLIGHT SAVING

Hamilton, as an act of courtesy to the Shriners coming to the convention in Toronto, will adopt daylight-saving time next Saturday morning instead of June 14, the date originally set. A proclamation issued by Controller D.J. McFarlane, Acting Mayor, calls upon the citizens to advance their clocks on Friday night, June 6th.

### COMMITTED FOR TRIAL

J. F. Felker, of Stoney Creek was committed for trial on a second charge of obtaining money on a mortgage by falsely representing that the mortgage was a first mortgage instead of second mortgage when he appeared before Magistrate Vance on Friday.

Mrs. Laura Depew, R.R. 1, Hannon was the complainant.

Crown Attorney G. W. Ballard K.C. prosecuted the case, and T. L. McCombs appeared for Mr. Felker. Mr. Felker pleaded not guilty and elected to be tried in higher court.

### LUMBER COMPANY HAS \$250,000 FIRE LOSS SPECTACULAR BLAZE

In one of the most spectacular fires seen in Hamilton for years, lumber, buildings and machinery of the Consumer's Lumber Company, a subsidiary of the Long Lumber Company, worth over \$250,000, were destroyed early Sunday evening. The plant is beneath the Mountain, at the head of Wentworth Street, and yard stretches several blocks eastward, lying between the main line of the Toronto, Hamilton & Buffalo Railway and the Canadian National Railways line to St. Thomas.

At first there was every danger of a widespread conflagration involving scores of houses adjacent to the lumber yard, and virtually the entire Hamilton Fire Department was brought into action.

At about 5:45 p.m. Charles Landell, an employee of the lumber company, noticed a small puff of smoke emanating from the southwest end of the yard behind the offices. He shouted across the tracks to his wife to telephone for the Fire Department, while he and several others rushed for water pails. Within a few seconds the flames had spread eastward between the tiers of white pine, and by the time that the first fire apparatus arrived the whole lumberyard, mill and storage houses were a blazing inferno.

Between four million and five million feet of dressed lumber was in the yard, as well as three freight cars fully loaded on the siding. In spite of all that Chief Wallace James and his men could do practically everything was destroyed.

### PASTOR RESIGNS, GETS CHEQUE FOR \$1,500

The long-drawn-out battle which has been waged between two factions in St. John's Presbyterian Church Hamilton culminated in the sudden resignation of the pastor, Rev. A.A. Acton. Rev. Mr. Acton, upon the advice of the Synod, had agreed to resign at the end of June, but over the week-end he decided that there was no object in remaining in the charge any longer. Representatives of the church handed Mr. Acton a cheque for \$1,500, being salary for May and four additional months. The pulpit has been declared vacant as from June 1.

### WILL CHOOSE CANDIDATE

The executive of Lincoln Liberal Association is holding a meeting to set a date for a county convention to choose a candidate to oppose Hon. James D. Chaplin, Conservative member. Leading Liberals stated that the election would not be allowed to go unopposed, as there were many available candidates. Among them is Mrs. Greenwood, wife of Dr. J. S. Greenwood.

### SELLS FLOTO CIRCUS COMING TO HAMILTON

Sells Floto Circus, considered by many the greatest show in America, is coming to Hamilton, Saturday June 14th and will present the world's great

east Western showboy, Tom Mix, and his equally famous horse, Tony. Both these famous movie stars will appear at every performance of Sells Floto Circus this season and will be supported by the greatest collection of circus acts ever assembled under a big-top. Over one hundred feature acts will be in the big program. Tom Mix and Tony will bring before the public all the famous cowboys and cowgirls, were with them on the screen, featuring the most thrilling of cowboy stunts, with the great Mix heading the list.

In the three rings and two stages will be found a complete new programme of circus stars, headed by Cervantes, Spanish acrobat; John and Gertrude Shumert, aerial gymnasts; Mabel Pelkey, the silver girl of the silver whirl; the Schwarz Sisters, European equestrians; Koban, the Jap who was up stars on his head; Terrells thirty-five Liberty horses; the Three Thrillers, a flying act with no competition in the daring and sensational stunts; the brilliant Ward family of aerial stars; five herds of elephants, and a big fifty den menagerie of rare beasts of the jungle.

Over eleven hundred people are with Sells Floto this season. The new tent will seat over ten thousand people, and two shows will be given daily at 2 and 8. The doors will be open one hour earlier to allow patrons to enjoy the wonders of the menagerie.

You, who have enjoyed Tom Mix and Tony on the screen, can now see this fine American cowboy in real life and watch him and his group of cowboys in the flesh. Tom is said to receive the largest salary ever paid a circus star and the tremendous crowds which see him daily, bear proof of his remarkable popularity amongst old and young alike.

### SPECIAL FLOWERS

Flowers should be chosen to suit particular purposes, for instance there is quite a large list of blooms which can be dried and used for indoor decoration all winter. Chief among these is the helichrysum, or straw flower. This is a hardy annual growing about two feet high and producing yellow, pink, bronze or red flowers. In this same class we also have the Statice, Acaelinum, Rhodanthé, and several others. For preserving, these flowers should be picked with long stems just before the bloom opens up, and hang upside down in a warm dark place. If one has a shady corner, there are many flowers like the robust rooted begonia, lupine, carnation, larkspur, godetia, verbena, pansy, nicotiana, and phlox which actually prefer a dull location. One should keep in mind the height, color and season of blooming when making selections for particular purposes. Another point to remember is fragrance.

### PROLONGING CORN SEASON

The gardener should not make the mistake of planting his corn all at the one time. Of course, in the more northerly districts of Canada, it will be necessary to confine oneself to the very earliest varieties. Bantam is a standard variety, and one can sow secure it in the early, medium and late types. The Golden Sunshine is a still earlier type than Bantam, coming on a week ahead of that variety which it resembles in quality and color. In the warmer districts of Canada, one should plant the first corn from the middle of May at weekly intervals until the first of July. Corn prefers light soil, plenty of fertilizer, and frequent cultivation. Allow about five kernels to a hill and count on an average about a cob and a half per stalk.

### BEANS

The bean is another vegetable which should be spread more over the season than it usually is. One can put in the first few rows after all danger of frost is over and continue planting at weekly intervals until the first of July. There are several types. We have the dwarf and the pole sorts, and among the ordinary varieties we have the yellow and the green. In recent years, people are turning more to the green bean which they consider of higher quality than the other. One can also plant Lima which should not go in until the weather really warms up, and there is also the broad bean which goes in fairly early. This broad bean makes a delicious vegetable the pod being shelled like peas. The only thing to guard against with it are the aphids which attack the plants at flowering time. Spraying with nicotine sulphate (or Black Leaf 40) a few times will ward off the pest.

### KEEP FLOWERS PICKED

In order to have the flower garden looking at its best at all times, all dying flowers must be kept removed. With most sorts, the sooner the bloom is removed, the more of it there will be. When plants are allowed to develop seed pods all the energy goes into this part of the business and flowering soon ceases. In the case of those plants such as Alyssum which produce a lot of small flowers on one

stalk, the dying bloom may be sheared off. For large individual flowers, it is best to nip off a portion of the buds and side shoots.

### KEEP THINGS MOVING

A check in growth in the vegetable garden is very hard on the quality, particularly in regard to those vegetables where the leaves or roots are eaten. Water, if possible, in dry weather but in any event keep the garden cultivated to prevent the evaporation of the water stored in the soil. A frequently cultivated garden will keep growing almost regardless of the weather.

### SHRUBBERY

Early flowering varieties of shrubs should be pruned just after blooming by cutting out the old branches, states Professor A. H. Tomlinson, of the Ontario Agricultural College. This is especially necessary in the case of those plants over three years of age in order that there is plenty of room left for new growth. The hydrangea, and other late-blooming shrubs, should be pruned in the Spring. This is the proper time to trim Evergreen hedges and also to plant Evergreens.

### WAYSIDE TALK

"J'see—" began Toople. "Lookit, I put in, 'why ask me if I saw something? Why not start off with 'I see'? If you see something, I only know too well I'll see it too, or anyway hear about it."

"It's a farmer in Grimsby," went on Toople, "he's built a house in a tree for motor tourists."

"That'll be dessert for the squirrels," I said.

"The tincan tourists can camp there for the night free of charge," Toople explained.

"Rockaby, motorist, in the tree top, when there's a blow-out the cradle will drop," I improved on Mother Goose.

"It's very popular," said Toople. "Why not? Everybody, at some time or another, has wanted to live in the branches of a tree. Don't you remember how you envied the Swiss Family Robinson youngsters in their arboreal bungalow?"

"Never read it," said Toople, "but if their bungalow was up a tree, they should have called it a bungalow, shouldn't they?"

"I've often wondered what was wrong with you," I said. "Sad. But too late now to do anything about it. Don't tell me you never wanted to build a little Robin's Castle of your

own away up in some tall tree."

"I did," said Toople. "I was only a kid. Seems to me it's a proof we're descended from monkeys."

"We've descended from them, all right," I said. "Age has pulled us from the tree-tops to the ground. Firmly, but less exhilarating. We descend from the monkeys, 'mountain-bank angels' as W. H. Hudson calls them, 'living their fantastic lives for above earth in a half-way heaven of their own and mingle with creatures neither fantastic nor angelic.'"

"It's a proof we've been evolved from monkeys," said Toople, "like a baby being able to clutch on to something and support its own weight."

"That's just a proof of concentration. An infant has one idea, grip. If he gets hold of anything, he grips it, tight, in the hope that it may lead to nourishment. If a man could concentrate like that, nothing could stop him. But he clutches at fame and

fortune and other straws, and all at once finds that his grip is gone."

"Shux—" exclaimed Toople. "It's the one-idea fellow forces our respect," I continued. "The bulldog got his rep by having just one idea, to close his jaw on something and hold on. If a squeamish generation won't provide him with a bull's nose, he fastens to the rear of a hobo's pants with the same passion."

"You're talking through your hat," rudely remarked Toople.

"Suppose I am," I said, "it's a five dollar hat."—Toronto Star.

A youth is preparing to amount to something when he begins to wonder why his mother is proud of him.

If the price of buildings goes up any higher bricklayers will get the impression they are employed to lay gold bricks.

**She almost trembled at the thought**

Mrs. Kane was a timid soul—no doubt about it! Modern efficiency rather terrified her.

She worried so much to talk to her sister in a town 80 miles away because a friend had told her how she enjoyed weekly long distance chats with her home. But she didn't know how to go about it.

"There's nothing to it," her friend told her. "Just ask the operator for 'Long Distance' and when the answers tell her the number you want. If you don't know your sister's number, ask 'Information'—it's so very simple."

Mrs. Kane felt encouraged. She tried it out one evening; found the operator helpful; and in two minutes was talking to her sister and enjoying herself thoroughly.

And the call cost her only 40 cents—the evening station-to-station rate (after 7 p.m.).

The Friday night 3-minute talk to her sister is now an institution. It has made such a difference to know she is so near! And Mrs. Kane calls after 8:30 p.m. now, at a cost of only 25 cents—the night rate.

Evening rates on "Any-one" (station-to-station) calls now begin at 7 p.m. Night rates begin at 8:30 p.m. Just give "Long Distance" the number you want—it speeds up the service. If you don't know the distant number, "Information" will look it up for you.

# Fruit Growers' Notice - RUBBER STAMPS, STAMP PADS, STAMPING INK, At Hillier's

Commencing on Sunday St. John's Presbyterian Church will observe Daylight Saving time. Service in the morning will commence at 11 o'clock instead of 11.15 and the evening service at 7 p.m.

During the summer months commencing next Sunday, Trinity United Church will observe Daylight saving time in holding its services. The morning service will be held at eleven o'clock but it has been decided to hold

the evening service at eight o'clock while daylight saving is in effect.

The chairman of the Board of Works Councillor Boulter, states that streets on which no sewers were laid will be oiled but on those streets on which sewers have been laid, oiling is being used to lay the dust as it is not feasible to oil them. Every effort is being made to keep the streets generally free from dust so as to avoid this inconvenience.

## Local Items of Interest

Vernon Tuck is showing a fine line of new silverware for June weddings.

The members of the Fire Department will meet this Thursday evening when officers will be elected for the year.

Include a visit to the Iris show in the Masonic Hall in your engagements on Saturday evening next. Open from 7 p.m.

Police Court will be held on Saturday next, the 10th inst. when cases of speeders who violated the traffic regulations will be dealt with.

Citizens are pleased to see Night Constable Wentworth on duty again after being confined to his home through illness for a few days.

If you would like to have a moderately priced wrist watch, see the Montrose at Vernon Tuck's. Priced \$8.00 to \$15.00 12 jewels and fully guaranteed.

Mr. and Mrs. J. O. Moore have moved from their former residence on Kidd Avenue to their new home on Kerman Ave. having purchased the Nelson property.

The women of Grimsby and vicinity are cordially invited to attend the opening of the Niagara Peninsula Sanatorium near St. Catharines on Thursday, June 19th from 4 p.m. to 6 p.m.

The Ladies' Aid of St. John's Presbyterian church is being entertained at the home of Mrs. Burgess Book on Thursday afternoon at 3 o'clock, this being the final meeting for the season.

A clinic will be held at the public school this Thursday morning at 10 o'clock under the auspices of the Mothers' Club when mothers are invited to bring children who are from two to six years of age.

E. Blake Erwin, Ontario Land Surveyor, is busy engaged making a survey of the town in connection with the map of the municipality being prepared by him.

Another theft of chickens occurred a few days ago when John Hill of West Gainsboro lost fifty Plymouth Rocks. A check-up from Grimsby to Welland is being made by the police in an effort to apprehend the guilty party or parties.

Messrs. Charles Farrell, A.G. Boulter, Mark Frampton, Ken Grout and H. G. Mogg have been appointed to act as registrars in connection with the coming Federal Election in July and will commence their rounds in the course of the next few days.

The Lincoln County Historical society has closed its rooms at St. Catharines for the summer months. The Society has an ever increasing collection of historical articles and expectations are that it will be greatly augmented by the opening of the room in the fall.

The annual old boys' cricket match was played at Lake Lodge School on Saturday afternoon when they were defeated by the school team by a score of 124 to 96 in an interesting game. Some of the ex-pupils stayed over for the memorial service held on Sunday at St. Andrew's Church.

In an accident which occurred on Main highway near the farm of C.W. F. Carpenter, Godfrey Neil, nine year old son of Mr. and Mrs. Neil who reside on the mountain was knocked down by a car alleged to have been driven by J. Anderson, and injured.

The two buses chartered by the Women's Institute and I. O. D. E. to convey their members to the opening of the Sanatorium at St. Catharines will leave the corner of Oak and Main St. at 2 p.m. daylight saving time on Thursday June 19th.

A great deal of golf was played today, Saturday and Sunday. American tourists used the greens owing to the holiday. Mr. Womersley, chairman of the Green's Committee, announced that play will commence on the new second and sixth greens this week which will add very much to the pleasure of the playing members.

The Liberal Convention to select a standard bearer for Lincoln in the coming Federal election will be held in St. Catharines on Thursday, June 12th.

Goes Into Effect  
Saturday At Midnight

Due to the town adopting Daylight Saving and the mail service, this season, conforming thereto, the Post Office, will, commencing June 7th, operate under the new time. Office hours 8 a.m. to 7 p.m., Daylight Saving.

## Presentation T

Mr. Harold Snelling

A pleasing event took place at the Anglican Rectory on Tuesday evening when the members of the choir gathered to honour one of their members, Mr. Harold Snelling, prior to his departure from town. He was made the recipient of a hymn book, the rector, Rev. Mr. Ballard, making the presentation on behalf of the choir in the course of which he referred to the valued services which Mr. Snelling had rendered the choir and church during the fifteen years in which he had been identified with the organization. Mr. Snelling has been the baritone soloist of the church.

Mr. Snelling who has been employed with M. Offield and Sons, Roseville where he has accepted a similar position with a firm there. Mrs. Snelling will leave the end of the week. Refreshments were afterwards served by the host and hostess and a social hour enjoyed.

## Retirement of Veterans Brings Changes in Canadian National Financial Staff

Upon the retirement, June 1, of J. M. Rosevear, General Comptroller of the Canadian National System, and of C. E. Friend, Assistant General Comptroller, each of whom has given 34 years' service, the appointment is announced of J. B. McLaren, hitherto Comptroller of the Central Region, Toronto, to the position of Comptroller of the system. In the photographs, from left to right, are top row: C. E. Friend, J. M. Rosevear and J. B. McLaren; bottom row: T. H. Cooper, who has been appointed Assistant Comptroller, General Accounts; A. C. Egan, appointed Assistant Comptroller, Disbursements; W. S. Harrison, appointed Assistant Comptroller, Revenues; and Fred Horton, appointed Assistant Comptroller, Subsidiary Companies, all at Montreal. Other appointments are: J. F. Altchison, Regional Auditor, Toronto; T. J. Gracey, Regional Auditor, Winnipeg; C. H. Palmer, Regional Auditor, Montreal; and J. B. Bird, Auditor, Detroit.

Both Mr. Rosevear and Mr. Friend are very highly respected by railway accounting officers on the continent. The Rosevear family has played an important part in railroad service in Canada, the story having begun in 1854, when Matthew Rosevear came to Canada from England to work for the Grand Trunk, and the family has given the National System four generations of men and more than two hundred years' of service in the aggregate.

## Social and Personal

Mr. Leslie H. Russ of Bradford Penn. is a guest of Mr. J.D. Russ.

Miss Ruth Tuck of Toronto spent the week end with her parents, Mr. and Mrs. William Tuck, Mountain St.

Mr. and Mrs. A. P. Norton spent the week end with their daughter, Mrs. Konkle, Hamilton.

Miss M. Pellatt of Toronto is visiting at the home of Mrs. H. A. Weeks for a few days.

Mr. and Mrs. McDowell and Dr. and Mrs. Gregory spent the week end with Mrs. W. F. Gibson.

Mr. and Mrs. W. C. Morrison of Toronto spent the week end with Mr. and Mrs. William Flett.

Misses Florence Young and Ruby McKinnell of Abingdon are spending a few days with their cousin, Miss Jessie Stewart.

Friends of Mrs. Charles Farrell join in wishing her a speedy recovery following a recent operation in Hamilton hospital.

Mr. and Mrs. Pankov and Mr. James Russ of Buffalo were in town Sunday visiting their father, Mr. J. D. Russ.

Friends of Mr. W. Shafer will be pleased to know that although recovery is slow he is making steady progress.

Mrs. H. Bradd, Mrs. Roe Lane and Mrs. Clancy of Niagara Falls, N. Y. spent Decoration Day with W. F. and Mrs. Randall.

Master Teddy Konkle of Hamilton is spending a week with his grandparents, Mr. and Mrs. A. P. Norton.

Mrs. Charles Hutchins of Aylmer is a guest of Mrs. G. W. Wood.

C. D. Millyard spent Friday in Toronto.

Mrs. H. Lucy holidayed with her sister-in-law, Mrs. Luey, Main St. E.

Mr. and Mrs. B. Smith of Cleveland, were week end visitors with their sisters, Mrs. H. Hurst and Mrs. V. Luey.

B. W. and Mrs. Shantz and H. G. and Mrs. Mogg spent the week end with friends at Preston.

Dr. and Mrs. Hare, of Caledonia, N.Y., with their two children and Dr. A. Fyfe, of Rochester, N.Y., spent the week end as visitors with J. H. and Mrs. Culp, Adelaide Street.

Mrs. Della Hill and Miss Sadie Phillips spent the week end with friends in Toronto and also attended the funeral of the late Rev. Thomas Radcliffe of Weston.

Miss Aikman has returned after a most enjoyable visit of a couple of months with her sister Mrs. Hunt in Calgary, Alberta.

The friends of Mr. Gordon Hannah who recently sustained several broken ribs in a motor accident are pleased to see him about again.

Mrs. G. W. Wood and Mrs. Hutchins spent a few days with the former's sister, Mrs. D. D. Macleod, Toronto, this week.

## Obituary

### MRS. JANET PETTIT

A well known and respected resident of Grimsby passed away at the General hospital, Hamilton, Saturday morning following a short illness in

the person of Janet Scott Pettit, widow of the late Ambrose Pettit, in her 69th year.

Deceased was born in New York State, September 10, 1861 but had resided in Ontario for nearly fifty years, the greater part of which she had lived here. She had for some years made her home with her daughter, Mrs. Amber Wolfenden, Livingston Ave. She is survived by three daughters, Mrs. Amber Wolfenden, Mrs. J. M. Powell and Miss Eleanor Pettit, all of Grimsby; also one grandson, James A. Powell. The funeral, which was private was held Monday afternoon at the family plot in Queen's Lawn cemetery, with Rev. J. Allan Ballard, of St. Andrew's church, conducting the services. W. H. Pettit, Theron Wolverson, Egbert Smith, J. C. Hastings, Dr. Clark and G. B. MacConachie acted as pall bearers.

### MRS. GEORGE FILBY

Mrs. George Filby, a resident of Chatham for more than 30 years and a native of Winona, Minn., died Saturday evening in this city after an illness of several months. She leaves her husband, two sons, one daughter, three sisters and three brothers. The funeral was held Tuesday.

A motor car owned by John Schrumm, Gibson Avenue, Grimsby, turned turtle on Sunday when the driver failed to negotiate a turn. Mr. Schrumm, with his wife and baby, escaped injury, but a young son sustained several cuts about the head and face.

## I.O.D.E. Holds Entertainment

Highly Interesting Lecture By Donald Miller, M.A. On South Africa-Enjoyable Musical Programme Also Given

The Educational Committee of the Lincoln Loyalist Chapter I. O. D. E. provided a very interesting entertainment last Friday night at the High School Auditorium.

The main feature was a lecture on South Africa by Mr. Donald Miller M.A. Cantab, who had himself seen the many places and people which his lantern slides showed to the audience. The lecture was clear and extremely interesting and much appreciated by those who heard it.

Mr. Miller was introduced by Mr. J. S. Jackson in a few well chosen words.

The lantern was ably handled by Douglas Wood.

Preceding the lecture, three musical numbers were given by Mrs. C.S. Bean and Mrs. Erle Thomas, two ladies to whom Grimsby people are always glad to listen. Mrs. Bean sang "Trees," with an encore and gave a very charming monologue with songs, illustrating the calls of birds. It is always a pleasure to hear Mrs. Bean sing, her voice is so rich and sympathetic.

Mrs. Erle Thomas played in her usual facile manner, the tone and rendering of the music being most artistic.

Both ladies were accompanied in a very delicate manner by Mrs. J. R. Gibbs.

Mrs. R. N. Wolfenden, Regent, on behalf of the Chapter, presented a picture of Lord Kitchener to Mr. Jackson for the school. This is to be inscribed with the name of one of the former students of the Grimsby High School, who gave up his life in the Great War.

The entertainment closed with the National Anthem, played by Mrs. M. Prampton.

Mrs. R. N. Wolfenden, Regent.

### IRIS SHOW

Everyone is invited to attend the annual Iris Show of the Grimsby Horticultural Society on Saturday evening next 7th inst from 7 p.m. Members are requested to send in their blooms together with other flowers for exhibition. There will be no competition this year. Table decorations will be welcomed. The hall will be open for the reception of exhibits from 4 p.m. Containers provided.

## I.O.D.E. Bridge In Aid Of Sanatorium Successful Event

The I.O.D.E. Bridge held at the home of Mr. and Mrs. A.F. Hawke, on the Main Highway, on Monday afternoon in aid of the Sanatorium Fund proved a most successful and enjoyable event. There were fourteen tables, the prizes being won by the following:

## Historic Old Land Mark

Farm on the Mountain Until Recently Owned By R.H. Lewis, Has Interesting History.

It is often interesting to recall something of the dim past of many of Grimsby's old land-marks and among these is the fine old farm on the mountain until recently owned by R. H. Lewis who with his family has moved to Grimsby, they having taken up their residence on Kidd Avenue.

Perhaps by some old residents it will be recalled that the homestead was built by Wm. Beamer who was the grandfather J. D. and William Russ and great grandfather of R. C. Calder of Grimsby.

John Beamer, the pioneer and father, of William, came over to Canada from New Jersey. He made his way up the brow of the mountain then thickly wooded along an Indian trail with a pack on his back and chose and purchased for himself a large section of land on and around the mountain to the extent of 1000 acres or more. Then he went back to New Jersey bringing back with him his wife, as well as an ox, a plough and a few of the most necessary articles. On his arrival he put up a small log cabin where his family was raised and for many years after the homestead was built the old Cabin still remained there.

Among the few things he brought over were some apple seeds which were carefully planted and from which after many years of patient waiting an orchard of fine apple trees grew up. All the neighbors for miles around knew of this much prized orchard and would come for their apples year after year.

When the farm passed on to one of the sons whose name was William Beamer, the homestead was built which stands there today. William was of an inventive turn of mind and since machinery was rather scarce in those days he made his, in fact Mr. Beamer made the first reaping machine in the Community. Perhaps some old residents will remember the original old cider press situated in the centre of the famous apple orchard. A large hole was made in a tree into which a huge timber was worked as a lever which pressed the juice out of the apples. This novel cider press proved very popular with the farmers, excellently serving the purpose for which it was devised.

He raised a large family and deeded each one of the children a farm. He also donated a plot for the building of a School which William and J. D. Russ of Grimsby attended. A small frame building was built but the School had so few pupils at first it almost seemed not worth while, but soon the frame building became too small and a brick one was built. Now Number 13 School is too small and a larger and more commodious School is being planned.

The homestead was later taken over by a daughter, Margaret, the wife of the late Ira Calder, of Grimsby and for many years it was called Maple Lodge and was the scene of many happy gatherings.

For a time it was rented to Mr. J. Smith who started the Grimsby Model Dairy. He owned a large herd of cows and began the delivery of milk to Grimsby people at five cents a qt. Mr. Smith lives in Stone Creek but the Model Dairy is still being ably carried on in the town.

The farm was sold and passed out of the family. Then after several changes of ownership it was purchased by Mr. R.H. Lewis who conducted a fruit and grain farm on its broad acres until recently when it was again disposed of.

Citizens have been giving so generously to the Sanatorium Fund that it now amounts to \$36.00. The conveners of the Bridge Club desire to thank all who have so liberally contributed to the fund. The Bridge Committee desires to especially thank Mr. and Mrs. Hawke for their kindness in placing their home at the disposal of the Bridge Club for the Bridge on Monday. They spared no efforts to assist the committee in making it a successful event and the members of the organization are deeply grateful to them.

## DISCIPLINE

By Edgar Guest

When I was young I sighed in vain Because on picnic days came rain. I grumbled when my Dad said:

"No."

To some slight joy I wished to know. "When I grow up," I used to say, "I'll see that things are done my way."

A little later on I found Though older, I was duty bound. The greater privileges brought More things to do because I ought, And very strangely then I knew Some keener disappointments, too.

I used to wonder why my dad At times seemed worried, troubled, sad.

I fancied life was good to him And gratified his every whim. I never dreamed when I was small That Time deals strictly with us all.

But now I've borne enough to learn Life's code of discipline is stern. There's none so rich and none so shrewd

Who can indulge his every mood. All men have burdens they must bear And none escapes his hour of care.

Life pays no heed to tears or sighs, It matters not who pleads or cries. To disappointment all must bow On some to-morrow if not now. So build a faith in which to trust For grief and suffer all men must.

# THE WEEK'S NEWS OF THE SURROUNDING DISTRICT

## STONEY CREEK

A musical recital given by the pupils of Pearl Krick, A.H.S., was held in the Stoney Creek United church Thursday evening.

The pupils were assisted by Verna House, Aileen Johnson, soprano, and Robert Martin, violinist.

Others on the programme included: Stella Krick, Isabelle Mitchell, Mildred Walsh, Nancy Scammell, Grace Utter, Margaret Grainger, Verna Howe, Vivian Nelson, Doreen Groom, Roy Hardwood, Harry Barnes, Maxwell McClung and Douglas Grieves.

At a meeting of the soldiers' memorial committee, held on Thursday afternoon, at which were representatives of the department of public highways, it was decided to co-operate in placing flood lights so that the monument will be lighted up each night, also that a red reflector be placed at the junction of the two highways to make this spot less dangerous for motorists. At present it is most confusing at night many accidents having occurred here.

A special meeting of the township council was held Friday evening for the purpose of deciding on purchase of road machinery. After the councilors had gone into the matter thoroughly they decided on the purchase of a tractor only, the Cockshutt Plow company, Brantford, being awarded the contract of an Ellis Chalmers tract.

One of the most interesting meetings of the Women's Institute held this season took place Friday in the United church Sunday school, the meeting taking the form of a joint affair, Queen Mary branch, Bartonville, and the junior institute members being present to hear the departmental speaker, Mrs. James Patterson New Hamburg, and take part in the afternoon proceedings. The address on Thrift was both timely and practical, the speaker giving many useful hints and recipes whereby thrift might be practised in household economy. A very pleasing feature of the meeting was the presentation of a beautiful leather traveling case to Mrs. A. E. Walker, president of the federated institutes, by the members of the organization, on the eve of her departure as a delegate to the congress being held in Belgium this summer. Mrs. Dr. F. Green, in her remarks at the presentation, made reference to the great interest and activity of Mrs. Walker at all times on behalf of the institute, congratulating her on the high honor she had attained. Mrs. James Glidden made the presentation. Mrs. A. E. Walker, completely taken by surprise at the evidence of loyalty and devotion to her by the members of the institute, stated she felt unworthy of such a splendid gift, as anything she had ever done for the institute had been a real pleasure to her.

H. Moore was present and gave a brief outline of the object of the international peace garden, requesting all present to join in helping to make this one of the greatest things on the continent. Mrs. H. Lee, secretary, gave a report of the year's activities. An instrumental duet was played by Mrs. D. Wigham and Miss V. Ptolemy. Mrs. N. Widdows sang a solo.

and Mrs. Knill gave a reading. Arrangements were made for holding a garden party in June. Mrs. O. M. Nash, president, presided.

The township council on account of Tuesday, June 3, being the King's birthday, will not meet in session until the following day, Wednesday, at 10 a.m. In the evening the members will meet the high school board at the high school.

Now that the fruit growers have had a chance to survey their trees since the blossoms dropped, it would appear that there will not be the large crop of cherries and plums which the blossoms gave promise of. Sour cherries are much better than a year ago. Some varieties of sweet cherries are quite heavily loaded, while others are light. Plums look only fairly promising at the present time. Grapes are well advanced and give promise of a good yield.

Mr. and Mrs. O. M. Nash and Mr. and Mrs. Sam Nash left for Michigan Friday where they expect to spend a few days.

Mrs. W. Welsh, Toronto, is the guest of Mr. and Mrs. Erle G. Miller.

Mrs. B. E. Thompson has returned home from Port Huron, where she attended the funeral of her sister, Mrs. Bertha Beamer.

Miss Gillespie, of the Japan Evangelistic band, addressed members of the local J. E. B. prayer meeting on Wednesday evening last, giving a stirring account of her work in Japan. J. B. Steer, of Toronto, was chairman of the meeting.

Lower school examinations have started in Saltfleet high school and will continue until Thursday of next week.

The resignation of Miss Nephew was received by the trustees of the high school.

Several of the booths along the provincial highway have been broken into during the past week, cigarettes, tobacco and gasoline being stolen.

The second accident within the week took place at the Battlefield Friday morning.

A car being driven eastward along King street crashed into the Battlefield fence and broke two posts.

The auto was a total wreck. No apparent reason was found for the mishap.

## BEAMSVILLE

### Cafe Broken Into.

Onga Law's cafe at Beamsville was broken into some time in the early hours of Thursday morning. The thieves forced an entrance through a rear window and went to the front of the restaurant, where they practically emptied a case of smoking sundries, then carried the cash register to the yard in the rear and forced it open, taking some five dollars in silver. The marauders had also a good feed on three pies before leaving. The proprietor, and a cook sleep over the cafe, but were not disturbed, and did not know of the visit until morning. It is reported that several refreshment stands of here have been broken into within the past few days.

F. J. and Mrs. Thomas ended the drugist convention at Niagara Falls this week.

Rev. C. Draper is spending a few days in Galt.

Mrs. W. J. Stewart is recovering from her recent operation in St. Joseph's hospital, Hamilton.

E. Kimberley has purchased the property belonging to the Bennett estate.

Captain John Lloyd, formerly of the R. A. F., England, and Mrs. Lloyd are the guests of Mrs. and Miss Parry.

After a long tenure of service Captain Lloyd is enjoying a trip to Canada and he may perhaps make his home here.

The Niagara peninsula at this season much like England.

Charles and Mrs. Garrett, Plymouth, Mich., were in town recently for a visit.

Ed. Hudson, of the Listowel Banner was the guest of friends on Sunday.

Ed. came down to Hamilton with the Listowel choir that took part in the choir competition in Hamilton, winning second place.

Miss Rachel Wood and Mrs. Mathers, of Hamilton, were in town on Saturday. Both were former teachers on the high school staff.

Captain Curran and Major Henri Vandusall, of Vancouver, were calling on John and Mrs. Hicks on Saturday.

Roy and Charles, waterworth and their families were in Detroit for the week-end. They spent Saturday with their mother in Glencoe.

Terrence Fairbrother, of the Bank of Commerce staff, New York City, is on his vacation at home.

Miss Pauline Sore passed all her first-year subjects at McMaster university, getting No. 1 rating in them all.

Hugh Sinclair spent Sunday in his old home town of Colborne for the 100th anniversary of the Presbyterian church there.

The funeral of John Van Koughnet was held on Saturday afternoon from J. W. Buck & Son's parlors to Vineland cemetery. Deceased was in his 90th year. His death took place on Thursday at the home of his son in Toronto. Some ten years ago deceased was the mail carrier on route No. 1, Beamsville. One son and three daughters survive.

Some 25 friends of Mrs. John Harshaw were assembled at her home on Thursday afternoon by Mrs. Geo. Pearson, her daughter, to celebrate the birthday of her mother.

The Royal Canadian Dragoons some 60 strong, encamped at the fair grounds on Friday night on their way from Toronto to Niagara camp. The squadron left again on their trip Saturday morning.

The three enumerators compiling the voters' list in town for the election on July 28, are busy making their rounds. There is little election activity otherwise.

The Stoney Creek male quartet sang several numbers very acceptably in Knox United church at the Sunday night services. Rev. G. K. B. Adams occupied the pulpit, the occasion being father's night at the church. In Wesley United church in the morning the Listowel choir quartet sang.

How to keep that school girl complexion—don't put your head on his shoulder.

## Binbrook

The lecture by John Clark, Toronto, on "Beautifying the Home and Community," which was to have been given in the Memorial hall on June 6, has had to be changed to June 4.

The Torch Bearers will hold a picnic at Waterdown on June 3.

The annual convention of the Glanville and Binbrook Religious Education Council will be held in the Blackheath United church this Thursday afternoon and evening. Speakers for the afternoon will be Rev. A. C. Eddy, R. C. Sidenus and Rev. Fred Manning. Evening session speakers will be Rev. A. S. Trueblood and Rev. A. H. Lyle.

The delegate speaker for the Binbrook Women's Institute will speak to the Binbrook and Blackheath ladies in the Binbrook Memorial hall on the afternoon of June 3. It was formerly advertised to be held in the Blackheath hall but it is changed to the Binbrook hall.

The Binbrook Women's Institute held its annual meeting in the Woodburn hall, with Mrs. B. Switzer and Mrs. W. J. McEvoy as hostesses.

The following officers were elected: President, Mrs. Hugh Johnson, vice-president, Mrs. Frank Tossell; second vice-president, Mrs. Luther Black, secretary and treasurer, Mrs. Chary Ridge; assistant secretary, Mrs. Ithamar Martin; pianist, Mrs. J. R. McCallum; assistant pianist, Mrs. W. J. McEvoy; district representative, Mrs. J. Fountain; directors: Mrs. D. Bell, Mrs. D. Young, Mrs. T. Murphy, Mrs. Stanley Switzer, Mrs. John McAllister; auditors, Mrs. E. Lester and Mrs. Harry Martin; League of Nations representative, Mrs. Chyles Bartlett.

## Here and There

(531) Arrangements have been completed whereby the arrival in Canada of the R-108, Britain's huge airliner, will be broadcast throughout Canada by the United States by the Trans-Canada Broadcasting Company and the National Broadcasting Company, according to an announcement recently made by R. W. Ashcroft, manager of the former company. The official broadcast, which includes the arrival of the ship and attendant ceremonies, will be carried from coast to coast of the Dominion over the new radio programme broadcasting transmission system of the Canadian Pacific Railway Company's telegraphs.

Welcoming the latest addition to the Canadian Pacific Railway's fleet of 19 passenger vessels on ocean and coastal service in British Columbia, Vancouver recently celebrated the railway on its initiative and foresight in building upon the west coast of Canada a service second to none, on the occasion of the arrival of the "Princess Elizabeth" at the Pacific port. The sister ship, "Princess Joan" arrived at Victoria the following day. The "Elizabeth" was welcomed by the Mayor of Vancouver.

Marking the passing of another milestone in the history of the company, the recently constructed Canadian Pacific branch line from Willmington to Vegreville, a distance of about 20 miles, was declared open for traffic recently with the arrival of the first passenger train at the Vegreville station.

With a record reservation list indicating a very busy season ahead, the P. & S. Hotel welcomed its 1000th guest of the year May 16. Considerable improvement work has been done on the 1500 room hotel which was virtually ready for play on opening day.

Development of fruit growing on the prairies has been one of the features of agricultural progress in recent years in western Canada. Fiches of native gooseberries, currants and raspberries have been introduced into orchards containing many varieties of plums, cherries, apples and small fruits. The largest acreages are devoted to strawberries and raspberries.

A recent official compilation shows that farm live stock in Canada in 1923 was valued at \$64,167,000 as compared with \$69,472,000 in 1924. Canada's poultry population in 1923 numbered 60,899,782, valued at \$12,854,000.

A forest in embryo—250 acres of jack and white pine—has been planted by the Saskatchewan forestry service in the Prince Albert region. H. P. Eisler, forestry engineer, states that the transplanting of 250,000 nursery seedlings and stock is the largest of such programmes in the history of the province.

With the official opening of the Welland ship canal, constructed at a cost of \$120,000,000, will not take place until next July, the northern section was unofficially opened to traffic recently when the steamer Georgian entered Lock No. 1 from Port Wellar, the Lake Ontario end of the canal, and passed through to Lake Erie.

Lower committee, Miss Kate McAllister, Miss Eunice McEvoy, Mrs. L. Martin, Mrs. C. Garinger and Mrs. J. Fountain. Refreshments were served by Mrs. Herbert Whitaker, Mrs. Herman Lester, Mrs. James Laidman, and Mrs. Earl Ptolemy.

## Grassie

The Grassie W. I. will hold their June meeting at Mrs. Isaac Southward's home on Thursday afternoon, June 12th. All the women and girls of the community are cordially invited to attend.

Miss B. Ross, spent Thursday afternoon with her friend, Mrs. M. Wilkenson in Hamilton.

Mrs. A. Bolen and son of California have returned to their home after visiting with relatives in this vicinity.

Billy West of Hamilton, spent Sunday with Mr. and Mrs. Milan Krick.

## Grimsby Centre

The many friends of Miss Hilda Grant are very sorry to hear she is in St. Joseph's hospital having undergone an operation.

Hubert and Mrs. Secor and family spent Sunday with Mrs. Secor's parents. Peter and Mrs. Marlow called on Mr. Aston's of the Thirty.

C. S. and Mrs. Mackie visited friends through this district on Sunday. Mr. and Mrs. E. Grant spent the week end in Hamilton.

Doris Mackie was in Hamilton on Thursday last.

Robert Mackie made a business trip to Welland on Wednesday.

The gardens are very badly in need of rain.

The entrance pupils are busy studying as the time is getting very near for the final examinations.

## W.C.T.U. ANNUAL CONVENTION

The Women's Christian Temperance Union of Lincoln County will hold their annual convention at Wesley United Church, Beamsville, June 10th and 11th.

This meeting promises to be very interesting. A few of the items of interest will be as follows:

Convention called to order at 2:30 Tuesday by Pres., Mrs. A. Nettleship. Discussion on "a Madel Union," led by Mrs. G. A. Galt, Merrittton address by Mrs. Reddick.

Traveller's Aid Report by Mrs. Richards.

**NERVES ALL SHOT**

## Safeguard LIVES-CROP-STOCK AND PROPERTY---

Hundreds of valuable farm buildings are destroyed every year by lightning and sparks from nearby fires landing on the roof. But there is one way you can protect your building from these hazards. Simply roof every building with RIB-ROOF. They will then be immune to fires caused by flaming brands and burning embers. When properly grounded and wired for lightning, they will keep the roof from being struck and give greater strength and economy.

**Rib-Roof Roofing**  
In the sheet with seven ribs—a nail every five inches. Made to "Council Standard" specifications... comes in big sheets... easy and inexpensive to lay on new or over old roofs. Secure for a lifetime. Ideal for homes, barns, sheds, garages, summer cottages.

**Use Lead-Hed Nails**  
By using Preston Lead-Hed nails you eliminate the tedious job of "lead-hed" lead washers. Every nail hole is perfectly sealed, making it waterproof, rust-proof and weather-proof.

**Preston Ventilation**  
No Preston ventilator has ever been reported broken because of spontaneous combustion. Preston Barn Ventilators for roof, adjustable side windows and opaque windows protect from spontaneous combustion by keeping the air in constant circulation. Write for particulars.

**Preston Barn Door Hardware**  
Preston has patented iron-shod hinges and steel pivot bars. Your track are so easily covered that hundreds of buildings will use no other style. Best in Canada for heavy barn doors. The Hanger is adjustable up and down, inside and out.

Inquire about our extensive special terms on winter shipments.

**PRESTON STEEL-TRUSS BARN**

OVER 1000 IN ONTARIO — LIGHTNING HASN'T DESTROYED ONE

Playlet entitled "What Mrs. Did and Mrs. Didn't Do Did." During the Tuesday evening session at 8 o'clock there will be an address by Rev. A. J. Vining D.D. of the service council of Canada.

Wednesday there will be the election of officers conducted by Mrs. Smith.

Advisory president and a memorial and noontide prayer will be led by Mrs. Harrison Niagara-on-the-Lake. White Ribbon tea will be served at the church for delegates and friends when greetings will be given.

One way to stop liquor smuggling at the Canadian border would be to require everybody to carry nothing but transparent travelling bags.

"Please, teacher, mother says can Albert David sit by 'iself this morn'ing, 'cos 'es got a touch o' the Measles?"

Plant a few seeds  
Good words and deeds,  
Out in the sunshine to grow.  
Keep going, don't stop,  
You'll gather a crop—  
Of happiness, just as you sow.

## THE HAND OF TIME

You can't push it back, but you can prolong your days by eating foods that keep the arteries soft and pliant, the muscles strong and vibrant and the mind clear and active. Shredded Wheat with milk supplies the elements that keep the body strong and supple—contains all the needed vitamins and mineral salts for insuring health and strength. It's ready-cooked, ready-to-serve. Delicious for any meal, with milk or fruits.

THE CANADIAN SHREDDED WHEAT COMPANY, LTD.

## New Nova Scotian Hotel, Halifax

The Nova Scotian Hotel of the Canadian National Railways at Halifax, which will shortly be opened will give the Canadian National Railways an up-to-date hotel adjoining their terminal station and will provide a needed facility for the travelling public. The hotel has 100 bedrooms, each with bath, besides the necessary complement of public rooms. A feature of the new hotel is the large garage which has been provided in the basement of the hotel.

where tourists may store their cars while remaining in the city or while visiting other parts of the province by train. The hotel connects with the new modern terminal from its roof gardens overlooking the harbor and the landward side. Constructed of Nova Scotia brick and stone, in the Georgian style of architecture, the Nova Scotian has many pleasing features about it. One of these, the radio broadcasting studio on the

eight floor will give to Halifax a radio voice in the national broadcast of the Canadian National System. Visitors to Canada, entering the Dominion through the Halifax gateway will receive a splendid first impression of the country when they step from the train into this magnificent building which is connected with the station, providing the passenger to reach his hotel room without having to step outside into the open air from the time of leaving the train.

### OUR WEEKLY STORY

#### LOVE'S INSTRUMENTS

John Francis.

Ethel White, student nurse at General Hospital, was madly in love with Dr. Elliott Phillips, the handsome young surgeon whose skill already had won him a big name although he was only twenty-nine.

This was no mere "crush" that Ethel was experiencing. It was love. Dr. Phillips had but to enter the room to make Ethel's heart beat faster. Whenever she assisted him in the operating room, her hand trembled as he reached for instruments which she held for him. If his arm happened to touch Ethel's as they read a patient's chart together, her whole body quivered, as though a sharp but pleasant electric shock had been sent through it.

Because they never had exchanged more than four or five words at a time, outside of the line of duty, Ethel had no way of knowing how Dr. Phillips felt toward her. She knew, of course, that he considered her a competent nurse. He had shown that several times by requesting that she be assigned to his cases. The suspicion that Dr. Phillips might have had personal, as well as professional, reasons for doing that never crossed Ethel's mind.

Nearly all of the girls in Ethel's class knew how she felt toward the young surgeon. But they called it a "crush," and kidded her about it.

"You'll get over it," consoled Margie Patterson. "Every nurse in the hospital, from the youngest probationer to 'Becky,' has had a crush on Phillips at some time."

"Becky" was the student nurses' irreverent but affectionate name for Miss Elizabeth Keen, the assistant superintendent.

Ethel did not answer Margie, but she knew she never would get over it. She loved Elliott too much.

Ethel was at the theater with several of the other girls one night when Margie, who had been leaning on the balcony railing and watching the audience in the orchestra, turned, and said: "Your Elliott is here, Ethel. There he is right down there, and you've got some hot competition. Look at the girl with him. Isn't she gorgeous?"

Ethel looked, first at Dr. Phillips, who was handsomer than ever in a dinner jacket, then at the girl, with him. Margie had been right; the girl was gorgeous. And what clothes! Her ermine wrap was set off by a head of gleaming black hair, and a gown of transparent black velvet contrasted strikingly with her flawless white skin.

Ethel cried that night before she went to sleep. She knew it was silly, but she couldn't help herself. She felt she hadn't a chance to win the love of the young surgeon she adored. He must be in love with the girl's creature who was with him at the theater. She was sure he was.

While making an entry on a patient's chart the next morning Ethel heard Dr. Phillips' voice at her ear: "Good morning, Miss White. Did you like the play last night?"

Ethel was flustered. How had he known she was at the theater? Regaining her composure quickly, however, she replied:

"Yes, I liked it a lot. And you?" "I thought it was awfully amusing," the doctor said. "I saw you as we left the theater, but didn't get a chance to speak, as you were ahead of us." Dr. Phillips' last sentence thrilled Ethel more than anything he ever had said. The mere fact that he had wanted to speak to her surprised her no less than it delighted her. She was all the more pleased when she learned he had said nothing to the other girls about seeing them at the theater.

"Do you like the theater, Miss White?" the doctor asked.

"I'm crazy about it."

There was not more time for personal conversation then, but three days later, just as he was entering the hospital, Dr. Phillips and Ethel met in the corridor.

"Good morning, Dr. Phillips," said Ethel.

"Hello, Miss White," the doctor replied cordially.

Ethel had meant to pass on, but the handsome young surgeon stopped her with: "In a hurry?"

"Why, no. Is there something you want, doctor?"

"Yes, Miss White, there is something I want very much. I'd like you as a theater companion tomorrow night. Are you going to be busy?"

"Not at all," said Ethel. "I'd love to go."

"Good," Dr. Phillips seemed pleased. "You are off at seven, aren't you? I'll call for you at eight."

When Nurse Ethel White entered the reception room of the Nurses' Home, to meet Dr. Elliott Phillips the following night, Elliott had to look twice to reassure himself that this gorgeous girl was the same Ethel White with whom he always had associated prim, white uniforms.

In her long evening gown of white moire, which matched her skin perfectly, and a wrap of old rose velvet, with a marabou collar and cuffs, Ethel looked a lady who had just stepped from a portrait.

"Why—you're ravishing," was all he could say as he advanced toward her.

"Thank you," Ethel's voice was a little more than a whisper.

Elliott could not have been more proud of his companion that night if she had been visiting royalty. As they got into a cab after the play he asked: "How would you like to go visiting?"

"All right," Ethel agreed. "Anything you say."

"I want you to meet Jean," the doctor explained, "and she wants to meet you."

"Jean?" said Ethel questioning.

"My brother's wife," Elliott replied. She was with me at the theater the other night. I've told her all about you, and she got just a glimpse of you when you were with the other girls. Now she wants to see more of you."

"You've told her all about me?" Ethel was puzzled. "But why—"

Elliott took Ethel's hands in his as he interrupted her:

"Why? Don't you know why? Don't you know I love you, Ethel? I was afraid I had made it so obvious that everyone in the hospital knew it. Haven't you seen it for months?"

Ethel was too happy to speak. She could do no more than just look at the doctor. He was not quite sure of the meaning of her silence, and hurriedly asked:

"Do you think you ever could learn to love me, Ethel?"

Ethel reached up, and took Elliott's face in both her hands. Then she said:

"Elliott, darling, they say love is blind and I guess it must be, for I've been so blind loving you that I never saw your love for me, and you never realized how much I've been loving you."

"This is just the beginning of our love," said Elliott after kissing her, "but, thank heaven, our eyes are open at last."

#### CANNED STRAWBERRIES, No. 2

Secure berries early in the season and at a time that they will not have been raised in the vine. Use 7-8 pound of sugar to 1 pound of berries. Make a syrup, using just enough water to dissolve sugar. When syrup is boiling put berries in, having first washed and drained them well. Let boil gently (but really boiling) until the desired rich red color is obtained, then bottle and seal. Cook in small quantities, not doing more than three boxes in one kettle. If doing many at one time, keep three kettles in use.

Many people are afraid to use any water, lest they be too juicy, and more people are afraid to cook them until the proper color is obtained. They remain whole with ordinary care.

#### CANNED STRAWBERRIES

Select choice berries, wash and drain. For each quart of berries add one cup of sugar and place the kettle on the back of the stove until juice begins to form, then put over a slow fire. When the mixture begins to boil push the berries back into the juice from time to time, being careful not to mash them. Boil for 5 minutes, then place in sterilized jars putting equal amounts of berries and juice in each jar. Turn the jars end for end several times during the time they are cooling, evenly distributing the berries, so that they will become permeated with the rich red juice, and will be plump, colorful and exceedingly delicious when served.

### COURT OF REVISION

The Municipal Council of the

Township of North Grimsby

will sit as a Court of Revision in

THE TOWN HALL GRIMSBY,

on the afternoon of SATURDAY

June 14th, 1930 at the hour of one-

thirty (1:30 o'clock). Standard

Time to hear and determine any

appeals against the assessment for

the year 1930.

THOMAS ALLAN

Township Clerk

Dated at Grimsby this 26th day

of May, 1930.

Our idea of a fanatic is the man

who was charmed for an hour by a

garden hose which he thought was a

snake.

A little cooling is all right, but be

careful not to overdo it, it may turn

out too cool.

Bad news and bad eggs have one

thing in common. They should be

broken gently.

The savage shouldn't be savage. He

doesn't need to search through four-

teen pockets to find something.

### A FEW HINTS

To remove old paint or varnish from furniture, woodwork or floors purchase a pint can of water glass from the drug store. Wash off the surface with hot water, then apply the clear water glass and let stand. The paint will come off quite easily.

#### Uses of Epsom Salts—

These salts on infected sores or blood poisonings are only now coming into use by doctors, but have been known and used by some for many years.

To use them, make a strong solution with boiling water and bathe freely, after which make a poultice and put on as hot as can be borne, renewing it when cold. The best way to make the poultice, is to cut a suitable-sized piece of bread and place it in the bottom of a large cup or mug and heap with salt on top before pouring boiling water on until the salts are well moistened. The bread will give body to the poultice and will help draw the poison. This will cure any case of blood poisoning, provided it has not been neglected too long.

### ANNOUNCEMENT

During the course of surveying for the preparation of the new Town Map during the summer months, R. Blake Erwin, Ontario Land Surveyor of Niagara Falls, Ontario, announces that he is prepared to establish lot lines for property owners at a very attractive figure.

Information may be obtained at the Town Clerk's office, and anyone wanting work done is requested to leave name and address with the Town Clerk.

R. BLAKE ERWIN,  
Ontario Land Surveyor.

### DON'T DO IT

operate tonsils, save them by treating with "Mrs. Sybilla Spahr's Tonsillitis." Also for sore throats, cough, croup, quinsy, catarrh, tonsillitis and tonsilitis. Good results or money back. You can't lose.

C. D. MILLARD—DRUG STORE

I saw a sign in a restaurant, "Ladies Served Here." I went in and ordered a snappy blond. They threw me out. I wonder why.

"I WAS SKINNY AND  
TIRED. NOW PEPPY.  
GAINED 11 LBS."

"Had tired feeling, no pep. But Ironized Yeast gave me pep; much stronger. Gained 11 lbs. Boils and pimples disappeared." — Mack Lattora.

Amazing new Ironized Yeast adds 5 to 15 lbs. in 3 weeks. Changes "skinny," weak body to strong, well-developed form all admire. Blotchy skin gets clear and rosy like magic. Nervousness, indigestion, constipation disappear overnight. Sound sleep. New pep from very first day.

Two great tonics in one—special weight-building Malt Yeast and strengthening Iron. Pleasant little tablets. Far stronger than unmedicated yeast. Results in 1-2 time. No yeasty taste, no gas.

Don't be "skinny," weak, unattractive. Get Ironized Yeast from drugist today. Feel great tomorrow. Money back from manufacturer if not delighted with quick results.

No amount of system will ever take the place of brains.

### Milady Gets Her Furs

A New York furrier telephoned to his representative in Montreal: "Rush one hundred and fifty marten skins; we have a buyer who wants quick action."

The fur man in Montreal phoned Edmonton, telling his needs. Without delay the Edmonton man called the radio static and word went out advising trappers at several points in the far north to be ready to turn the skins over to the airman who would call for them in a few hours.

The next day the airman is back and the furs are speeding west by aerial transport. In three days from the time of his request the furrier in Manhattan turns the skins over to his purchaser.

The lonely trapper is no more, for the telephone, radio and aeroplane in combination have penetrated even the far northern solitudes.

It was touch and go in the breach of promise case and the defendant's barrister knew that he was "up against it."

While cross-examining the mother of the plaintiff, a very clever woman, he was completely worsted in the encounter of wits.

At the close however, he turned to the jury and exclaimed:

"You say, gentlemen, that even I was but a child in her hands. What must my client have been?"

A girl was asked what she thought of married life.

"Oh, there's not much difference," she replied. "I used to wait up half the night for Tom to go, and now I wait up half the night for him to come home."

## WHERE R-100 WILL "LAND"

Extensive preparations for handling the huge crowds who are expected to greet the monster dirigible upon its arrival at St. Hubert Air Field, near Montreal, from England, are being made by the Canadian National Railways. Special trains will be operated from Bonaventure Station to St. Hubert, where trackage is being installed specially for the handling of this service. The photographs show: Left, the huge mooring mast constructed in preparation for the arrival of the R-100. Upper, trackmen at work installing sidings in preparation for the special trains which will be operated during the dirigible's visit.

## Opening Of Softball League On Friday

Everything in readiness—Public, Supporting Undertaking And Successful Season Anticipated—Boys' Schedule Has Been Arranged and Many Interesting Games Will Be Played.

The event of a disagreement then the dispute must be settled by the executive.

All purchases must be sanctioned by the secretary with a written order. The girls' team is practicing hard and they will have to put all the foot into the game with "nattered lin." as the league they have money will give them a run for their money but with the showing they made last year without a coach they should all get any kind of a break at this and with the coach they have this year it's a safe bet they will win and Scotty behind the bat it happens just too bad what is going to happen.

Then there is our Lovey in the bases field and the Phipps on Scotty in the field. It's a great aggregation, good have turned out boys who made saying in Hockey and it goes without themselves and help keep Grimsby in the limelight of sport.

The boys' schedule is given a place Cut it out and tuck it up some questions you won't be asking a lot.

All players must be signed by June 6th and all names handed into the secretary Bert Richardson at the Royal Bank.

All players must reside in Grimsby and Grimsby township with the exception of the Junior Farmers of Grimsby and Winona who are allowed limits to Stony Creek.

All Captains of teams are members of the executive and all disputes go to the Captains first for settlement. In

## T.J. Mahony And Frank Biggs, Candidates In Wentworth

T. J. Mahony, M.L.A., of South Wentworth, member of the Ontario Legislature since 1923, will allow his name to go before the Wentworth Conservative association convention as a candidate for federal honours in the county riding.

Col Armand Smith, chairman of the special nominating committee, announced Friday morning that Mr. Mahony had agreed to have his name placed before the meeting.

Mr. Mahony was the unanimous choice of the committee two weeks ago and the personal included representatives of every section of the riding.

The party convention will be held Saturday, June 7, at 2.30 o'clock in Pythian hall, Jackson street west Hamilton. It is expected that Mr. Mahony will be endorsed by unanimous vote.

With Frank Biggs as the Liberal candidate in the fight, electors of Wentworth look forward to one of the most interesting campaigns for some time. Mr. Mahony is ex-revee of Saltfleet and Mr. Biggs was reeve of Beverley. Both filled the warden's chair of Wentworth. Mr. Biggs was provincial minister of public works for four years and Mr. Mahony has been a member of the advisory highway commission of the Ontario government for six years and at the present time is chairman. Mr. Biggs served in the Ontario legislature from 1919 to 1926 and Mr. Mahony has been a member for an equal term.

## Tourist Cremated

(Continued from Page 1)  
Grande Boulevard, Detroit, was dragged from the flaming mass of twisted steel by a passing auto and is at present in a serious condition in St. Joseph's hospital.

His injuries include a compound fracture of the right leg and extensive burns to arms, legs and body. He may die.

The two men were driving a new coupe with Cook at the wheel. When opposite the farm of E. C. Curran, about six or seven miles west of Grimsby on the Hamilton-Windsor highway, the coupe crashed into a standing truck which had been in charge of Fred Holland, 134 Robert St., Hamilton.

The force of the impact shattered

## GET SENTENCE OF TWENTY-ONE DAYS

John and Oscar Clamont and John Plaisance of Hamilton who were arrested by Provincial Constable Embleton on Sunday night in their car east of Grimsby and charged with being drunk, appeared before Police Magistrate Campbell at St. Catharines on Monday and were sentenced to

30 days in the American auto and in a second the hot engine had ignited the gas tank and auto burst into flames with the two Americans still inside.

Smoke and flames concealed the unconscious form of the late Mr. Sheehan and his presence in the wreck was not discovered until Brantford and Ancaster firemen extinguished the flames.

## Nominations To Be Held July 21st

(Continued from page 1)

Four registration districts have been provided for St. Catharines and registrars will consider applications of persons to be added to lists compiled by the enumerators, also to receive notices of appeal to have names struck off from the lists, but the district registrars cannot act upon such appeals this duty being reserved for the county judge when due notice of the date of hearing will be given.

The rural registrars are instructed to get to work as soon as possible as their books must be completed on Saturday, June 14th next and their preliminary lists delivered to Sheriff O'Loughlin on June 17th. The date of rural registrars hearing applications of persons whose names do not appear on the rural lists is fixed by the act but on account of Dominion Day being included in such dates, instructions are that the hearings are to be held on June 30th, July 2nd and 3rd.

## ELECTIONS THROUGHOUT

(Continued from page 1)

The budget brought down by Hon. C. A. Dunning on May 1 was the most sweeping of recent years. It made some three hundred changes in the tariff. There were a great number of increases in the iron and steel schedules in the intermediate and general classifications. A large number of reductions under the British preference were provided for. It fixed the same rates on a number of products coming from a foreign country as that country levied against the same class of Canadian goods.

## Pensions Act

The amendments to the pensions act together with the war veterans allowance act, constituted the major legislation of the session respecting returned soldiers. Far-reaching in its scope, the amendments have the effect of completely revising the whole system under which pensions are administered. Hitherto only two cards existed, one the board of pension commissioners, and the other the federal appeal board.

## When He Is Away

FOR the mutual use of two or more persons a Joint Account is a great convenience.

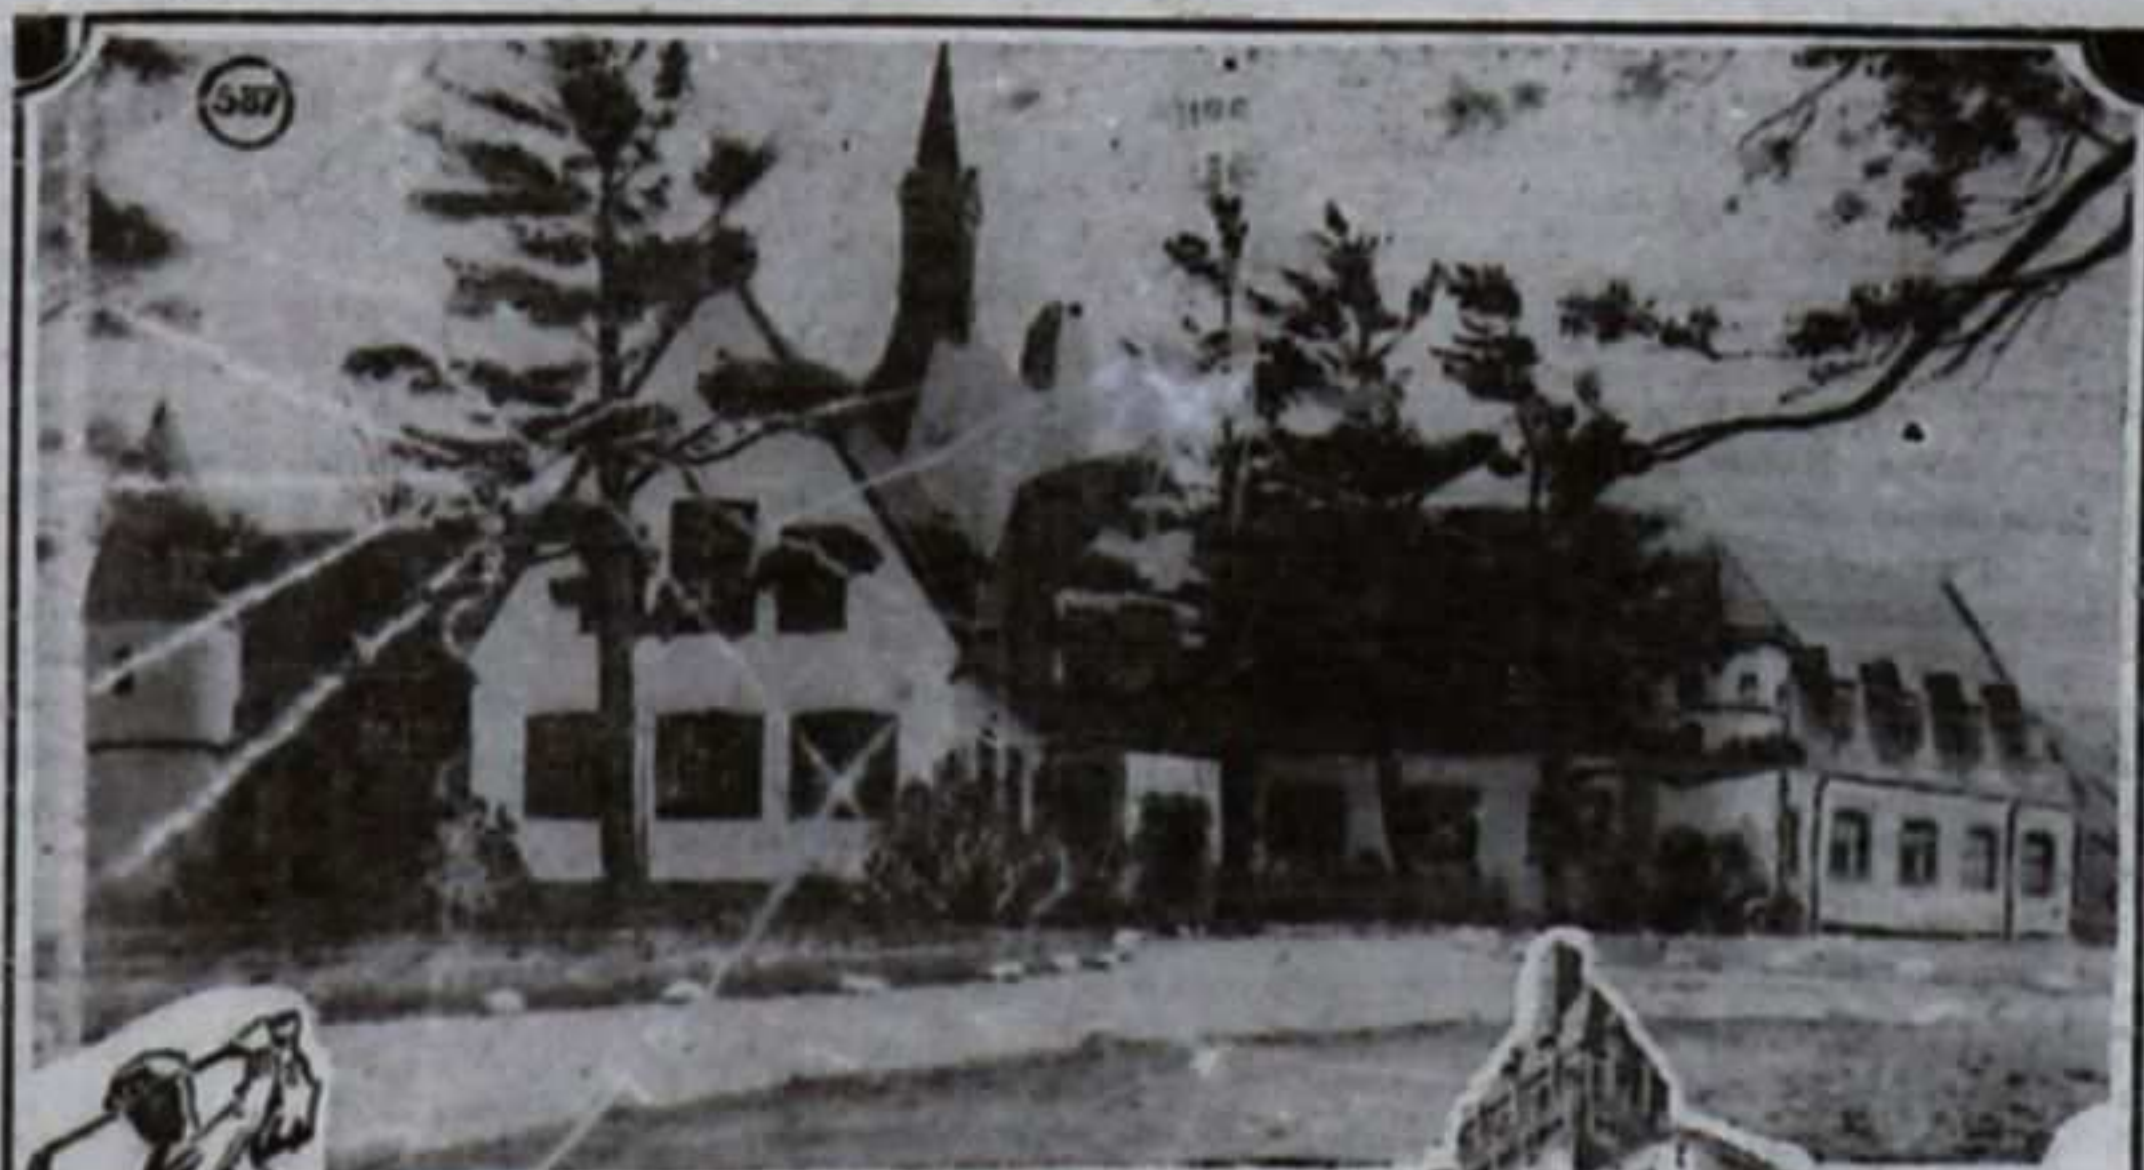

With a Joint Account, a wife may deposit or withdraw money when her husband is away or cannot get to the bank during business hours.

Our folder, "For the Convenience of Your Wife," explains Joint Accounts. Ask for a copy.

## New Championship Golf Course

George S. Lyon, Canada's Grand Old Man of Golf, split the fairway with the first ball driven from No. 1 tee of the Royal York Golf course recently when this new championship course, built by the Canadian Pacific Railway for the benefit of guests of Canada's premier hotel, was formally opened in the presence of Their Excellencies Lord and Lady Willingdon.

This 18-hole course, claimed by players to be one of the best on the continent, has a par of 72 with a length of 6,510 yards. All Toronto golf clubs were represented at the opening and prominent golfers of the Dominion came together here for the occasion. This course has been selected as the scene of the annual interprovincial team match on August 2, and many tournaments in connection with conventions, including the monster one of the Shriner, will be staged there. Lay-out shows the \$100,000 Club-house of the course with a view of the Royal York Hotel.

## Here and There

"I think that the increase in unemployment has stopped in the United States and that by the time the fall comes around, things will be much better," declared Professor Leo W. Brown, of Boston, interviewed aboard the S. S. Empress of Australia, on his way to the International Labour Conference at Geneva. "The worst has passed," he added, "and things are looking brighter again."

Canada's new championship golf course, the Royal York of Toronto, was opened officially May 19, in the presence of a distinguished gathering of golfers and Canadian Pacific and civic officials. George S. Lyon, Grand Old Man of Canadian Golf, drove the first ball, and later in the day, the clubhouse was honored by the inspection visit of Their Excellencies, Lord and Lady Willingdon. The course is in connection with the Royal York Hotel and will be at the disposal of guests.

W. R. MacInnes, vice-president in charge of traffic, Canadian Pacific Railway, since 1918, and after 45 years' service with the company, retired May 31 at his own request, and will be succeeded by George Stephens, at present freight traffic manager. In announcing the change, E. W. Beatty chairman and president of the railway, said: "Mr. MacInnes has been in the company's service for forty-five years and has discharged his exacting duties as freight traffic manager and as vice-president in charge of traffic with conspicuous ability and loyalty to the company's interests. By his retirement the company loses one of its ablest and most respected officers."

More than four hundred varieties of apples have been originated at the Canadian Government Central Experimental Farm at Ottawa within the last 35 years. As thousands of seedlings have fruited, the apples have been tested and perpetuated for future production.

Five years ago the total output of petroleum in Alberta was 168,643 barrels; last year it rose to 599,152 barrels, of which 581,221 barrels came from the Turner Valley, the comparatively new field about 35 miles south-west of Calgary.

Contracts for 65 miles of extensions to the Northern Alberta Railway which run north of Edmonton through the Peace River district, have been let. These extensions are to cost \$2,350,000.

Canada exports more manufactured goods per head of the population than any other country in the world. The figures are: Canada, \$64.80; Great Britain, \$55.80; Germany, \$32.68; France, \$29.48; and the United States, \$25.13. It takes the exports of one American plus one German plus \$4.50 to equal the exports of one Canadian.

The demand for quarter sections each of 160 acres, of free homestead lands in Western Canada, given by the Canadian Government to settlers, continues to increase. In the first three months of this year there were 254 entries registered representing 410,240 acres, as compared with 2405 entries representing 354,000 acres in the corresponding months of last year.

His worship: "You say you know the power of your life. Now, do you think he would be guilty of stealing this money?"

Witness: It was much as it?
